EAST LIVERPOOL, O., FRIDAY, JULY 3, 1903.

TWO CENTS.

**A PARTY OF CAMPERS-OUT
AT I. N. CRABLE'S COTTAGE
AWOKE FLAME-SURROUNDED****Narrowly Escaped Being Cremated—Building
and Contents Destroyed Including
\$144 in Cash.**

The summer cottage owned by I. N. Crable, located on the creek near Fredericktown, was totally destroyed by fire at 11:05 last night, and several inmates of the building had narrow escapes from a horrible death in the flames.

James Wedgwood, James Parker and son James, Russell Crable and William Wedgwood had been the only occupants of the cottage for several days, and the origin of the fire is a complete mystery.

The party had been fishing and hunting during their stay, and last evening all retired early and were sound asleep when the fire broke out. Parker, his son, and Russell Crable, son of the owner of the cottage, were asleep in the second story of the building and some difficulty was found in arousing them after the fire started. The structure was built of pine, and not having been finished inside was so dry that it burned like tinder. No time was allowed for the men inside of the house to dress, and they had barely time to rush to the open when the flames burst out all over the building. They were compelled to leave all

their outer garments behind, escaping with only such of their clothing as they were to sleep in.

Two valuable birds, the property of Mr. Crable, were left behind in the excitement and it required quick action on the part of the men to rescue them. The dog known as Boss was rescued first, but when it became known that Dick was also inside, the men were compelled to kick in a door in order to get him out. Aside from the two dogs, not a single article was saved. In addition to the furnishings several valuable shot guns and other arms were left behind.

James Wedgwood had been sleeping on the lower floor and his coat and vest were hanging on the nail near the bed. In the excitement and bustle attending the speedy exit from the burning building these articles were forgotten. In one of the pockets had been deposited \$144 in greenbacks, and this was destroyed with the cottage. Mr. Wedgwood is a well known potter of the city, and the loss of the money will be sorely felt by him.

Mr. Crable has not placed an estimate upon his loss, but it will probably reach several hundred dollars.

good enough to advance it. Seel promised to pay the amount back, but failed to keep the promise, and as a last resort Peters filed suit for it. Seel was located in Salineville, where he is working in a pottery, and Constable Powell went to that town this morning and attached his wages.

**JUSTICE M'LANE
A BUSY MAN****Three Cases, One of Peculiar Interest, Occupy the Attention of His Court.****A GOOD SAMARITAN SUES**

Squire Daniel McLane is about the busiest man in the city. Since 6 o'clock last evening he has had three important cases under his jurisdiction and though they were all stubborn ones the genial judge disposed of them with dispatch and satisfaction to the plaintiffs in each case.

The first case was that of Rebecca McKnight against Edgar Heddeleston. This case, it will be remembered, came up for trial in the court of Squire McCarron about six weeks ago and was dismissed, the plaintiff contradicting herself in testimony rendered. She had him arrested, alleging that he was the father of her child. James McGarry was the defendant's attorney and was angered because the plaintiff would not accept \$100 and call the case off. Erastus Marshall, attorney for the plaintiff, resented some words spoken by McGarry and trouble was narrowly averted. A few minutes after the dismissal of the case in the court of Squire McCarron, Attorney Marshall went to the office of Squire McLane and filed a like charge against Heddeleston. The warrant was placed in the hands of Constable Powell, but Heddeleston learned of the new feature in the case and left. Until last evening he was not found. His attorney appeared before the squire and settled the case, the defendant agreeing to pay a certain sum of money and to allow other considerations.

The second case was the arrest of Grover Tasker, who was charged with jumping a board bill. He was rooming with the family of I. C. Farnsworth on College street, and when his bill reached \$13 he skipped out. He did not return to the city until yesterday. Upon his arrival he was arrested by Constable Powell, and being unable to settle he was remanded to jail for the night. This morning he promised to pay the bill as soon as possible and Squire McLane let him go.

The last case was one, the like of which probably was never known before in local courts. Ernest Seel was the defendant and B. F. Peters the plaintiff. The latter sued Seel for \$20 which amount he furnished for a good Samaritan act. He gave the money to Seel to help him pay a fine of \$2 and costs for stealing junk in Wellsville. Seel was remanded to the county jail and upon appealing to Peters for the money to pay the fine the latter was

**MRS. CASSIDY
IS AFTER DIVORCE****East Liverpool Woman Finds Marriage a Failure After Nearly 20 Years.**

Lisbon, July 3.—(Special).—Margaret Cassidy, of East Liverpool, has sued for divorce from Mitchell Cassidy. They were married August 18, 1881, and have no children. She charges drunkenness and extreme cruelty and alleges that her husband owns a nine-room house on Avondale street, East Liverpool, and earns \$40 to \$50 each two weeks, which, she thinks, entitles her both to temporary and permanent alimony.

The court is asked to enjoin the husband from disposing of the property. Smith & Lones for the plaintiff and Brooks & Thompson for the defendant are the attorneys.

**FOR CONSPIRACY
TO ROB MAELS****Three Employees of a Rapid Transit System Arrested in Philadelphia.**

Philadelphia, July 3.—(Special).—Charles Farmer and Betram and Albert Laycock, employees of the pneumatic rapid transit mail delivery system, have been arrested here for conspiracy to rob the mails.

Betram Laycock has confessed.

**BOY MURDERED
BY YOUNG MAN****Quarrel at Columbus Over a Woman Results in Fatal Stabbing.**

Columbus, July 3.—(Special).—Eugene O'Connor, 16 years of age, was fatally stabbed here today by Charles Bunch, aged 22. It is said they quarreled over a woman. Bunch escaped.

THE BILL DISPUTED**County Commissioners Refuse to Pay Ex-Treasurer Smith's \$496 Claim.**

Lisbon, July 3.—(Special).—The case of Charles E. Smith, ex-county treasurer, against the county commissioners, was presented to the court today. Mr. Smith put in a bill of \$496.11 some time ago, represented by the 5 per cent due him on certain omitted taxes. The commissioners refused to pay the bill on the ground that he was not entitled to it under the law.

A Torpedo as a Gift.

Lisbon, July 3.—(Special).—Dr. J. N. Calhoun, of Lisbon, has presented to Starr Post, G. A. R., of this city, a torpedo weighing 450 pounds which was captured somewhere in Missouri during the civil war. The torpedo arrived in the city yesterday and will be placed with the cannon on the soldiers' lot in the cemetery.

**RAILS ARRIVE
FOR NEW ROAD****A MILE OF THE LITTLE BEAVER LINE READY FOR TRACKS.****Enough Rails on Hand for Extension of Four Miles Toward Lisbon.**

That another one of the many railroads projected to connect East Liverpool with surrounding country is to become a reality is to be given further credence since the arrival in the city of 14 carloads of 80-pound "T" rails. The cars were set in a few days ago on a switch at the foot of Broadway and are now being unloaded by men in the employ of L. W. Healy. The rails, Mr. Healy stated this morning, are to be used on the proposed line from the east end of the city up the Little Beaver.

The work of grading this line has been in progress more than a month, and the first section, about one mile in length, is now ready for the placing of the track. The tracklayers will be put to work some time during this month. In the meantime the work of grading will be continued, and it is expected to complete at least four miles of the roadbed before the coming of cold weather.

The shipment of rails now on hand is sufficient to construct at least four miles of track, and Mr. Healy states that this will also be accomplished before winter. The rails are the heaviest and best made for street car purposes and are an indication that the new road will be first-class in every particular.

Mr. Healy is the chief promoter of the enterprise and associated with him are several Scranton (Pa.) capitalists.

**ORDERED MEDICINE
AND GOT LIQUOR****Purchaser Would Not Pay for the Goods in a Prohibition Township.**

Lisbon, July 3.—(Special).—The case of the Beggs Manufacturing company, of Chicago, vs. J. C. Lewis, of Kensington, came up today on an appeal from the court of Justice Joel Winder, of Hanover township. The plaintiff company alleges that August 6, 1902, the defendant bought of it a bill of goods valued at \$36.85 which he agreed to pay for in 90 days. The bill has not been paid and the company asks judgment for the amount with interest.

Mr. Lewis says the goods he was alleged to have purchased were bought as medicine, but consisted largely of intoxicating liquors which he could not sell at his place of business in a prohibition township.

Suit Is Appealed.

Lisbon, July 3.—(Special).—The case of Robert G. Kells versus Sylvanus Farmer has been appealed from the court of Justice C. F. Lease, Salem. The plaintiff sued for \$25 commission for the sale of a farm and got judgment in the justice's court for the amount.

**A TEMPORARY INJUNCTION
GRANTED BY JUDGE HOLE****C. A. Smith Restrained From Further Work On the East End Line Until Court Decides the Issue.**

Lisbon, July 3.—(Special).—A temporary injunction was granted by the court this afternoon in the case of Monroe Patterson versus the city of East Liverpool, in which the plaintiff seeks to stop the construction of another street car line in East Liverpool by C. A. Smith. The injunction becomes effective immediately on the filing of a bond of \$5,000 by the plaintiff to indemnify for possible loss the defendant, C. A. Smith, who is building the line. On motion of the plaintiff the case was set for trial on a week from Monday.

**GOV. NASH FINDS
TASK DIFFICULT****Nearly Driven Crazy by the Work of Selecting Public Safety Boards.****VERY MUCH RELIEVED****Now That the Greater Part of the Job is Accomplished—Visit From General Dick—Smallpox Cases in Columbiana County.**

From a Staff Correspondent.

Columbus, July 3.—Governor Nash late yesterday afternoon announced the appointment of boards of safety for seven cities. All day long the appointments were eagerly anticipated, and when announced there was a sigh of relief that the suspense was over. The cities for which boards were appointed follow: Toledo, Hamilton, Middletown, Findlay, Fostoria, Painesville and Warren. None was more relieved than the governor himself when the appointments were gotten out of the way. For some days he has done almost nothing but listen to the complaints and importunities of the politicians who wanted boards to suit themselves appointed and their persistence well nigh distracted the governor. After a long conference, yesterday morning with a millionaire brewer of Hamilton, who was interested in a board for that city, left his private office and approaching a coterie of newspaper men, asked:

"Where is the fellow who said last year I wanted to appoint all the boards in Ohio? I want to find him and crack him on the head. Why, here I have only nine boards to appoint, and it is nearly driving me crazy. Where should I be if I had the boards to fill in the 71 cities of the state?"

Governor Nash will shortly take a vacation. Next week he will attend the annual meeting of the state bar association at Put-in-Bay and spend some time at the resort, after which he will seek rest at other lake points and take water trips. In August he will accompany the National Guard to Newark and remain through the entire encampment. A division encampment will be held this year, all the troops being mobilized. Brigade encampments were held last year. The guard is divided into two brigades.

The state board of health has been notified that there are two cases of smallpox in West township, Columbiana county, and one case in Wellsville, the latter having been traced from Hammondsville. The others are cases of a mother and daughter. The former contracted the disease in Pittsburg and communicated it to the daughter. The mother is almost well. A number of cases have been reported from Belmont and vicinity.

James Hughes, of the state treasury, has received notice of his selection as one of the six delegates which will represent Quaker City Erie, No. 316, of Salem, at the first state convention of the Fraternal Order of Eagles, to be held in Columbus July 21 to 23, inclusive. In the neighborhood of 5,000 members are expected to be present. It will be one of the big events of the season.

General Dick was here yesterday conferring with the governor on political and military matters. He said Republican state headquarters would be opened next week and that the state campaign opening would be held about the middle of September, but did not state what place would get the meeting. He does not think Johnson wants the Democratic nomination for governor, but thought that if the party insisted upon his nomination he could hardly do otherwise than accept.

**SAFETY BOARD WILL BOOST
THE PLAN OF MAYOR WEAVER
TO MAKE PRISONERS WORK****The Scheme Regarded With Favor and Likely to Be Profitable For the City.****SUNDAY CLEANING EXCUSE DOES NOT GO WITH COURT.****Judge Holds That it is Not a Valid Reason for Keeping Saloons Open.**

Lisbon, July 3.—(Special).—The verdict the other day in the case of Ohio vs. Thomas and Michael Cloran and Charles Waggle, of East Liverpool, in which the jury held the trio guilty of keeping Cloran's saloon open on Sunday, is one of far-reaching importance throughout the county, as well as in East Liverpool, establishing as it does a precedent in the matter of enforcing the Sunday closing laws.

In this instance the three accused had been in the saloon from 6:30 to 10:30 on Sunday morning for the alleged purpose of "cleaning up," an excuse often offered in such cases. Prosecutor Brooks took the position that saloonists cannot create conditions in their places of business which will make it necessary to keep open on Sunday to clean up.

Judge Hole sustained this position, instructing the jury that while an emergency might sometimes exist that would serve as an excuse for a saloonkeeper to open his place temporarily on Sunday, the emergency must not be of his own creating and he must conduct his business so that no occasion will arise for opening on Sunday for any business purpose, such as cleaning out, etc.

This was the position taken by Mayor Weaver, of East Liverpool, and the court here has sustained it. The mayor held that the cleaning out privilege was abused by the saloonkeepers and used as an occasion for illegal sales on Sunday.

**TWO MORE DIVORCES
HAVE BEEN GRANTED****Salineville and East Palestine Wives Freed From Matrimonial Ties.**

Lisbon, July 3.—(Special).—The present term of court has been noteworthy for divorces. Rosetta McGillivray, of Salineville, was divorced from William McGillivray on the grounds of habitual drunkenness, extreme cruelty and failure to provide. The woman is given custody of four children. They were married February 25, 1886.

Anna M. Burt, of East Palestine, was granted separation from W. J. Burt and was given custody of their seven-year-old son, and \$750 alimony. They were married February 22, 1891, in Allegheny, and two children born to them are dead. The plaintiff set up four reasons for seeking separation. Unfaithfulness on the part of the husband had caused them to separate twice. She was compelled to support herself when her husband was amply able to do so. On several occasions he had been guilty of unfaithfulness.

**HATCHET RAISED
TO MAKE HIM PAY****H. C. Hallam Makes a Serious Charge Against John Rinehart.**

H. C. Hallam, who with a prominent young lady of this city, was thrown from a buggy in a runaway, near Calcutta last Sunday, the particulars of which appeared in the News Review, stated today that he would sue John Rinehart, from whom he hired the rig, for damages on two accounts. He alleges that the liveryman is liable because the harness was weak and that the young lady's injuries were the result of the unsafe breeching.

Hallam also alleges that Rinehart forced him to pay \$15 at the point of a hatchet. He says Rinehart raised a hatchet over his head and threatened to brain him if he did not produce.

**SAFETY BOARD WILL BOOST
THE PLAN OF MAYOR WEAVER
TO MAKE PRISONERS WORK****The Scheme Regarded With Favor and Likely to Be Profitable For the City.**

The board of public safety means to assist Mayor Weaver in carrying out his determination to work prisoners who have no money with which to pay their fines. At the regular meeting held last evening Clerk Huntsman notified the board of the mayor's request, that it recommend to the board of public service the importance of the plan and that the boards unite to make it effective. Two members, Grafton and Ogilvie, were appointed a committee to meet with the board of public service next Monday evening.

Following the exclusive publication in the News Review of the mayor's plan to apply the ordinance governing the sentence of penitentiary prisoners, the question was taken up by everyone interested in the running of the municipality and up to the present time there have been no objections raised. It will undoubtedly be a profitable scheme for the city, and as the financial situation is apparently beyond repair during the present year the move on the part of the mayor will meet with nothing but satisfaction. There are many days when the street commissioner does not have more than a

half dozen men working on the streets. And there are as many days when that many men could be furnished from the city jail. For men that are hired to do the work \$1.50 per day is paid. A man working out a fine must work at the rate of 75 cents and the only expense attached is his feed.

The ordinance under which the plan will be worked reads as follows:

"Whenever a fine is imposed for the violation of any ordinance, section or part of a section of any ordinance of the city and the same is not paid the mayor shall order the person committed until such fine and the costs of prosecution are paid, or until the person is otherwise discharged by due process of law; provided that after commitment for 24 hours and failure to pay such fine and costs the mayor may order such person to be placed at work on the street or any public improvement of the city, under the direction and control of the marshal, street commissioner or other city official, there to be kept at hard labor until, at the rate of 75 cents per day, said person shall have earned an amount equal to such fine and costs."

Neal and Lounds change places today, the former getting back into his old position at the head of the list. The three leading candidates for the News Review prizes are certainly leading one another a very lively race. To the public it resembles the old-fashioned sport of seesaw. To the contestants it has a deeper significance, and each of the three is undoubtedly doing his best to get to the front and stay there. It is a friendly contest, but an earnest one, and every reader of the News Review is watching it with the closest attention.

EAST END VERDICT FOR WILSON IN DAMAGE SUIT

JURY AWARDED HIM THE SUM OF \$5.

Interest in the Case So Great That the Hearing Was Adjourned to Larkins' Hall.

Interest in the damage suit of Lem Wilson, the Liverman, against Oscar Miller, to whom he hired a rig during the latter part of May became so great that when the hearing came on yesterday afternoon before Justice L. W. Carman it was found necessary to adjourn from the justice's office to Larkins' hall. Spectators to the number of several hundred gathered in the spacious room and remained until the jury had rendered a verdict.

Not in years has a case attracted so much attention, and it was the first time in history that the justice's office was not large enough to accommodate all who cared to hear a law suit. When the case was called at 2 o'clock, 26 witnesses appeared to be sworn, 18 of whom had been summoned for the plaintiff. A jury trial had been demanded and the following jurors were impaneled: George Hamilton, James Rayle, John Senor, Harvey Martin, John Grant and Archie Scarright. Attorneys George Davidson and J. E. Davis represented the plaintiff and Hollis E. Grosshans the defendant.

The testimony bearing upon the cause of the runaway, in which the rig was damaged, was about the same from the witnesses of both sides. It will be remembered that the animal became frightened on Sixth street and ran away. At the corner of Sixth and Broadway the buggy was upset and the occupants, Oscar Miller, the defendant in the action, and a lady were thrown to the street. Both were painfully, though not seriously, injured. The buggy was damaged to some extent and Wilson claimed \$9 damages.

The hearing of the case occupied most of the afternoon, and it was not until evening when the attorneys finished the arguments. The jury deliberated almost an hour and found for the plaintiff in the sum of \$5.

Contrary to expectations no notice of appeal was given and the defendant may accept the verdict as final.

LOTS OF TROUBLE

Lem Wilson, the Liverman, Compelled to Again Invoke the Aid of the Law.

Lem Wilson, the Virginia avenue liverman, who has been in business in the East End less than two months, is certainly having his share of trouble, yesterday afternoon while the damage case in which he was the plaintiff was being heard in Squire Carman's court a rig from his stable was hired to Fred Bixby, well known in the East End. Bixby stated that he wanted the rig for an hour and a half and that he was going to take his wife for a drive.

The hour and a half passed by and Bixby failed to show up. The stable boys stayed up almost all of the night waiting for him to appear but they were disappointed. When he did not appear this morning Wilson became alarmed and reported the occurrence to the East End fire station to advise with the mayor and police chief.

May Be Transferred.

A. P. Myler, district deputy for the Tribe of Ben Hur, expects to be transferred to the southern district of Ohio after July 15. Mr. Myler has been very successful in the work of organizing new lodges and increasing the membership of those already established and his services are very highly valued by the grand officers of the order. If the transfer is made he will have entire charge of all the territory in the state south of Zanesville with headquarters probably at Marietta.

Pay Day at Laughlin's.

The hearts of the operatives at the Laughlin plants were gladdened this afternoon when they were paid for their labor for the past three weeks. Last Saturday was the regular pay day at the plant, but as today wound up the first six months of the year and was the last day of work before the loaf, the pay was deferred. The pay was an unusually large one.

CAN'T BE SEPARATED

Some East Liverpool People Have Learned How to Get Rid of Bth.

Backache and kidney ache are twin brothers.

You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys, forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement about Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and was cured."

Mrs. H. M. Cowan, of Bulger, Pa., who has been visiting Mrs. H. A. Cowan, of Ohio avenue, left this morning for Chester, where she will make a short visit before returning to her home.

Mrs. M. E. Chambers, of Pennsylvania avenue, left this morning for Chattanooga, Lake, N. Y., where she will join Rev. and Mrs. H. C. Chambers. They will spend two weeks there and Rev. and Mrs. Chambers will come to this city for a visit before their departure for India.

The thoughts of taking cod liver oil is nauseating only to those who have never tried Hage's Cordial of Cod Liver Oil with Hypophosphites of Lime and Soda. With Hage's you get all the active properties of the cod's liver, but not a vestige of greasy fishy flavor, as in other cod liver oils.

German Syrup.

We want to impress on our readers that Roschke's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gum etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry hacking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy excretion in the morning with speed and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

THE LISBON TIN MILL MAY BE STARTED UP

Visit of Officials of the Company Encourages the People of the Town.

Lisbon, July 3.—(Special).—The American Tin Plate company officials, who were here yesterday inspecting the local mill, left on the afternoon train. While nothing definite was given out by them, there is good reason to believe that the project of starting the mill is receiving serious consideration. During their visit to the plant, the officials took note of what would be required to place the mill in running order, and it was found that a considerable outlay would be necessary. Yet for such a valuable plant, the cost of repairs would be a comparatively small item, should the corporation deem it expedient to have work resumed here, and the concern is too well equipped for its abandonment to be at all probable.

When in operation the monthly disbursement of wages by this mill amounts to nearly \$25,000 and its idleness of nearly a year has been a severe blow to Lisbon.

COUNTY AND NEIGHBORHOOD

George Crawford, of Wellsburg, died in the Mingo lockup, where he had been placed for drunkenness.

Mr. and Mrs. Warren A. Pyle, of Salem, have separated after three weeks of married life. They were wedded at Lisbon, the bride being a divorced woman, Daisy Crum.

John Connor and Joseph Fritsko, Toronto saloon keepers, and Christy Kelly, the bartender at Connor's, have been held for court on the charge of selling beer in Port Homer, Saline township, in which the people voted dry long ago.

Lauren E. Webb died at his home in Salem, about a year ago Mr. Webb, who was a stonemason by trade, while making some repairs to the Greiner Railroad hotel, fell and sustained severe injuries, from the effects of which he never entirely recovered.

The Toronto freemen have arranged to hold a Queen of the Carnival contest and four young ladies have entered the race. The one receiving the largest number of votes will be crowned Queen of the Carnival to be held there on the week beginning July 13, and will be presented with a diamond ring.

A Surgical Operation

Is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails. It has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since."—H. A. Tisdale, Summerton, S. C. Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husbard, Pa. "At times she was unable to move at all while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. It is a never without it now and it times able to walk. An occasional application of Pain Balm keeps away the pain she was formerly troubled with."—W. H. Howard.

Nervous Depression.

Summer months are peculiarly the months of nervous diseases, especially nervous prostration and other depressed states of the nervous system. People who are not at all inclined to be nervous or suffer from weak nerves find this time especially trying. Sadness, heart and electrical disturbances of the atmosphere are probably the cause of this.

Invalids need to be particularly careful to fortify the nervous system by the use of Peruna.

Miss Helen Roloff, Kankakee, Wis., writes:—"Several times during the past two years of more my system has been greatly in need of a tonic, and at those times Peruna has been of great help in building up the system, restoring my appetite and securing peaceful sleep. I know a great number of women who are using it for the troubles peculiar to the sex, and with the best results."

—Helen Roloff.

MISS LOUISE BERTSEL.

Miss Louise Bertsel, 1912 Second street, Brooklyn, N. Y., writes:—"My health was excellent until about a month ago, when I seemed to have a collapse from overexertion, and the doctor ordered an entire change of scene and climate. As this was an absolute impossibility at the time, I had to try and regain my health in another way and was induced by a friend to give Peruna such a good recommendation, for Peruna, I found it to be the condition of my nerves when I began to use it. The least noise irritated me, and I felt that life was not worth living, but Peruna soon changed me into a well woman, and now I do not know I have nerves."—Louise Bertsel.

"A newspaper contributor was lately admitted into the extensive suite of offices which constitute the headquarters of Dr. Hartman, who treats catarrh patients by the thousand. Among the busy swarm of assistants, doctors, clerks, stenographers and bookkeepers, Dr. Hartman stopped long enough to say a few words.

"A large number of female patients visit me every year, but the number who are entered on my books as regular patients are very much larger. Hundreds of letters are received and answered free every day. A real greater multitude take my catarrh remedy, Peruna, and are cured, of whom I never hear. Some of this latter class write me years after their cure.

"I never allow a name published except by the written consent of the patient. We make no charge at any time. The medicine only is obtained by each patient at her own drug store. Those desiring to become regular patients have only to send address, duration of disease and treatment previously received, and directions for the first month's treatment will be sent at once."

Over half the women have catarrh in some form or another. And yet, probably not a tenth of the women know that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently.

One woman has dyspepsia, another bronchitis, another Bright's disease, another liver complaint, another consumption, another female complaint. These women would be very much surprised to hear that they are all suffering with chronic catarrh. But it is so, nevertheless.

Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining, of which organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is why Peruna has become so widely famous in the cure of female diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate—it cures.

BRUTAL NEGRO ATTACKS WOMEN

Two Ladies Near Piney Fork Assaulted and One Left in a Serious Condition.

Stouenville, July 3.—Miss Moore, a young lady of Piney Fork near Smith field, a settlement that recently sprang into prominence because of railroad building and new coal mines, lies in a critical condition as the result of an outrage by two black brutes, only one of whom is known. Her teeth are knocked out, her shoulder dislocated, body cut and bruised and her nervous system almost entirely destroyed because of the brutal attack upon her.

About 1:30 o'clock yesterday morning a negro known as Fure Rogers broke into the house occupied by Mrs. Tweedy, an aged widow, with whom Miss Moore, her granddaughter, lived. Rogers broke down the door of the front room in which the women were sleeping and as soon as he entered he blew out the light that was burning near the bed. Then he sprang into the bed occupied by Miss Moore and she fought him off. The negro was a

stunt brute, however, and succeeded in dragging the woman from the bed to the floor where she continued to fight him. In dragging her from the bed Miss Moore's shoulder was dislocated, but still she kept on fighting the negro until she was unconscious from pain. Pretty soon the negro wanted more and Mrs. Tweedy agreed to give him all the money in the house, amounting to \$14.50, which he took and departed. Since then he has not been seen, although the citizens are searching for him.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry at hand.

A ship canal to give Glasgow a direct outlet to the North sea is to be built at a cost of \$50,000,000. Originally the river Clyde at Glasgow was a shallow stream, obstructed by mud banks, but enterprise and sound engineering have made the city one of the most important seaports in Europe. The new canal, deep enough for ships of any size, will connect the Clyde with the Firth of Forth, on the east coast of Scotland. If Scotland, with its comparatively limited wealth and population, is able to undertake and carry out such an enterprise and make it pay—and you can trust Scotchmen not to undertake anything that is unprofitable—what excuse is there for the United States delaying the improvement of the Ohio river, a stream that has a commerce to carry beside which that of the Clyde is insignificant?

Congressman Cannon has discovered and exposed to the president an alleged organized effort on the part of the big corporations to secure a modification of the Sherman anti-trust law at the next session of congress. The trusts evidently don't share the popular notion that the law is no good.

The big corporations centering in New York on July 1 began sending out checks which will total \$137,000,000, representing dividends and interest for the past six months. Not alone in New York, but in other big cities, has the best financial record ever previously made been surpassed.

Ex-Secretary of the Treasury Charles S. Fairchild says: "I don't believe there is the least doubt about Roosevelt's reelection." Here is our Democratic political prophet who talks sense.

The Fourth of July celebration at Mr. Bryan's home will be personally conducted and it is quite probable that the Kansas City platform will be unanimously re-affirmed.

There are snow storms in Montana and a temperature only about half as high as prevails along the banks of the Ohio. A breeze from the west is anxiously awaited.

The postal deficit increased nearly \$2,000,000 last year, but most of the money went into new rural free delivery routes, where it certainly was not wasted.

It's a mighty poor sort of a citizen who can find no better way of celebrating than to get drunk on the Fourth.

Tooth Brush Economy

We have tooth brushes for ten cents that are sold for double the price in some places. Extra good ones for fifteen cents, splendid values for the money, but we do not urge the sale of any of these because real downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

First, your tooth is worthy of the best brush made. The better the brush the more perfect its work.

Second, the higher grade brushes are guaranteed to give long and perfect service.

If half that is said about the city jail be true, the board of public safety has taken a most commendable step in resolving to make it clean and habitable.

Thus far the loss in wages in the building trades strike in New York city foots up \$21,000,000. Arbitration is more effective, and far cheaper.

The price of fireworks is steadily advancing. If the price would only be come prohibitive there would be no rejoicing in some quarters.

Doctors who have found business dull are doubtless smiling in anticipation of tomorrow.

Cataract Cannot Be Cured
with LOCAL APPLICATIONS, as they can not reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for many years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for testimonials, free.

THE KING OF ALL ADVERTISING MEDIUMS

Unquestionably it is the Evening Daily Newspaper, Says an Expert Authority.

As never before, general advertisers are now alive to the power and value of the daily newspaper as an advertising medium. During the last few years many leading advertisers have left the magazines almost entirely, for the medium of greatest frequency of publication and of most thoroughness in its reaching of all the people. It is significant, but not singular, that the advertisers who market products for home consumption were the ones who first broke ranks, and began heavier use of the agency that has abundantly proved its superior effectiveness—the daily newspaper.

As a result, the advertising patronage of magazines has markedly decreased, with more than corresponding increase in the employment of the daily newspaper, says an advertising expert. It is commonly reported that a prominent magazine publisher, realizing that the most approved advertising medium of the future must be the daily newspaper, has organized a gigantic combine to control a number of dailies in the principal cities of the United States.

Analyzing still farther, and going to the logical and ultimate conclusion from premises that cannot be disputed, it is certain that the best daily newspaper is the afternoon paper. Authorities of high standing and greatest success among the leading advertisers of the United States agree that approximately seven-eighths of the supplies and furnishings purchased for consumption in the home are bought by the feminine head of the family—and obviously inseparable from this fact is the axiom that the daily newspaper that goes to and finds a welcome place in the home is manifestly the most effective medium.

The most successful advertisers eloquently express their conviction on this point by spending the bulk of their appropriation in the afternoon newspaper—which is not read alone by the member of the family who, as a rule, does little shopping excepting for his own personal requirements, nor hastily read and then thrown aside, with only in rare cases so much as a glance over the advertisements. The policy of these large advertisers is explained by the fact that they find the afternoon paper produces better results than does the morning paper, for it goes into the hands of those most responsive to their announcements, and who, moreover, have a keen and constant interest in the publicity that appeals to the home and the family.

RIC DEMOLISHED

And the Man Who Drove It Got the Worst Scare of His Life.

Louie Kappi had a thrilling experience on Carolina avenue at about 8 o'clock last evening, and though he was not badly hurt, was frightened nearly out of his wits and the buggy in which he rode was smashed to pieces.

Kappi is a baker and is employed in the Nick Cenally bakery. Last evening he was sent to deliver a large cake to some patron in the upper part of town, and hitched up a buggy intending to ride. When he turned onto Carolina avenue from Third street the horse became frightened at an automobile, and in spite of the efforts of the baker to prevent it, ran down that thoroughfare at the top of its speed.

The driver was game and clung to the lines, but the horse had the bit in its teeth and paid no attention to the frantic tugs at the reins. The animal kept to the road until it neared the old entrance to the park, when it turned off the street and ran onto a vacant lot, colliding with a telephone pole as it did so. Kappi was thrown out, sustaining several severe bruises, while the rig was completely demolished. The horse was stopped by bystanders and unhitched from the dilapidated buggy, while others looked after the injured man. An examiner showed that no bones were broken and that his hurts were not serious. The large cake which the driver had placed carefully in the bed of the buggy was reduced to crumbs.

SAM WEST IS FREE

Jury Disagreed And the Case Against Him Will Likely Be Dropped.

Sam West, accused of putting a bullet into Marsh Hobbs' body at New Cumberland on March 29, is a free man and it is not likely that he will ever have to face the charge of shooting Hobbs, who betrayed his confidence and associated with his wife, now in the Canton workhouse.

Public sentiment favored West, as did also a jury, which was kept locked up for 25 hours and then refused to agree on a verdict, but instead reported a disagreement.

The witnesses put both Hobbs and Birdie West in a very bad light, and after the jury considered all these things 19 members wanted to acquit the husband, but two members thought he should receive some punishment. The two members held out until Wednesday noon when the jury was called into the court room and discharged and the case left over until a future date.

After the shooting, West's wife, who is familiarly known as Birdie Pugh, got into all kinds of trouble in Steubenville, so that she had to be sent to the workhouse, keeping company with her friend, Jennie Craig, who at one time lived with Birdie.

AGED MAN DEAD

Lived to the Age of 103. Never Knowing a Day's Illness Until the Last.

Freeman Coulter, the oldest man in the Pan Handle and probably the oldest man in the state, died on his farm near Woodland this week, aged 103 years.

Mr. Coulter, who was known to many people in Chester, was a man of remarkable vitality. He worked on his farm almost up to the day of his death. All through his long pilgrimage he was never known to be sick until the last six months of his life, and was always a hearty eater and a good worker. He retained his mind and eye-sight until the end. He never wore glasses in his life.

Mr. Coulter was born in Greene county, Pa., a land that is noted as the nursery of remarkable men. He lived for some years in the state of Ohio, but has been a resident of West Virginia for a long number of years. He was twice married and was the father of fourteen children. His second wife survives him.

MAY NEVER WALK AGAIN

A Chester Lady Very Badly Hurt By Falling Down Cellar Stairs.

Mrs. David Evans, residing with her husband on Sixth street, Chester, may die from injuries received while ascending the cellar stairs at her home. The lady fell in such a manner that her spine was severely wrenched and she was carried to a couch, from which she has been unable to move since.

Dr. J. Howard Davis, of East Liverpool, was hastily summoned and the injuries attended to, but Mrs. Evans is in a very bad way. Complications are feared, and it may be that she will never walk again.

EXCITING RUNAWAY

Occurred in Chester And Young Cassius Fowler Came Near Being Killed.

An exciting and disastrous runaway occurred on Second street, Chester, at noon in which the driver of the team came near being killed.

Cassius Fowler, son of one of the proprietors of the Chester Hardware store, was driving the delivery wagon to which was hitched a team of spirited horses. He had left the store only a few minutes before the accident for the upper end of town. Approaching the Second street bridge the horses became frightened at Homer J. Taylor's automobile coming directly toward them 100 yards away.

The fractions horses became unmanageable in an instant and turning directly about dragged the wagon over the curbing. The front wheels became fastened under the bed of the wagon in spite of the attempt of young Fowler to loosen them, remained fast. Instead of jumping to save himself the driver remained in his seat until thrown in front of the wagon, where he ran and was carried together for a distance of 15 yards. Bystanders were sure he would be killed, as he alighted between the traces, directly behind one of the flying horses. By a supreme effort Fowler succeeded in throwing himself clear of the harness, and Solicitor George D. Ingram, and Mayor Mercer, who had by this time reached the scene, brought the horses to a standstill. Not, however, until the wagon had been overturned, alighting upon one of the horses, which had fallen. Some difficulty was encountered in extricating the fallen horses from under the wagon, and disentangling them from the harness.

Young Fowler was badly bruised and his clothes were torn. The tongue of the wagon was broken entirely off near the front axle and it was damaged in other ways.

WELL KEPT SECRET

Fact Just Announced of a Popular Couple's Marriage Months Ago.

The announcement was made this morning that George R. better known as Dick Johnston, son of Councilman E. S. Johnston, and Miss Julia C. Connors, both of Chester, were married several months ago, and have guarded the secret well. The announcement came as a complete surprise to their many friends, and though the congratulations being showered upon them today are a trifle tardy, they are none the less sincere.

The bride is one of the best known young ladies in Chester, being a daughter of Mrs. Mary Connors, of Carolina avenue. Mr. Johnston is employed as a jugglerman at the Union pottery in East Liverpool. The couple will go to housekeeping next week in Chester.

Interested in Good Roads.

Special rates have been secured on all railroads for the good roads convention at Morgantown July 10 and 11, and the attendance promises to be very large. In conversation with a News Review reporter yesterday, J. M. Hunter, residing south of Chester, said he expected to make the trip, and several others from Hancock county are making preparations to attend.

Mr. Hunter is a farmer and has been interested in the good roads movement for several years. It is possible the convention will be instrumental in arousing the residents of Hancock county and that improvements may be made to the county roads within a few years.

Slander Suit Not Settled.

The case of Arthur S. Cooper vs. J. R. Scott, which was up for trial at New Cumberland yesterday, is as far from a settlement as before. The jury failed to agree, and the case will go over to the September term of court. The suit was brought by Cooper to recover \$10,000 damages for slander, and has attracted a great deal of attention all over the county, where both men are well known.

One-Sided Game.

A one-sided game of base ball was played on the Rock Springs grounds this morning between the amusements and cafe teams. It resulted in victory for the former team by a score of 14 to 1. The feature of the game was the pitching of Earl Clark, who officiated for the amusements. He struck out nine men and had the op-

CHESTER NOTES.

Justice Johnston was at Georgetown yesterday.

The tin mill will shut down tonight for one day.

Miss Etta Smith is recovering after a brief illness.

Edward McCullough is visiting friends in Beaver Falls.

Mrs. Joseph Mitchell, of Pittsburg, is the guest of Mr. and Mrs. S. J. Corson.

Miss Dollie Jackson, from Congo, is the guest of Miss Annie Cunningham, in Chester.

A pleasant time was spent yesterday afternoon by a number of friends at the home of Mrs. Richard Banfield, on Carolina avenue.

While at work in the Chester tin mill yesterday Orle Jackson received a bad cut on the palm of his right hand. The wound is a painful one and will lay him up for several days.

The meeting of the official board of the Presbyterian church, to have been held tonight, has been postponed until next Monday evening. The postponement was necessary in order to allow certain of the contractors some more time to go over the specifications before submitting bids for the construction of the new church edifice.

DRUNKEN GIRL

PLACED IN JAIL

Made a Disgraceful Spectacle of Herself—Other Disorderly Characters.

A number of drunks were picked up by the police yesterday. One of them, a pretty girl of 19 years, known by the name of Nellie Daugherty, presented a heart rending scene at the city hall. That a girl of her personal appearance should be so low and degraded appealed to everyone that saw her. She swore like a trooper when arrested and after being confined in the Women's department continued her tirade without any apparent respect for herself or for any of her connections. After lying on the iron bed for an hour or more she became calmed and went to sleep. A few hours later some friends came to her rescue and she was taken to her home.

Samuel Schaefer, a resident of Pleasant Heights, and a saggermaker by trade, got all that was coming to him when he entered the drug store of C. G. Anderson in the Diamond and insulted the proprietor. He first asked Anderson for 50 cents. Anderson replied that he had no money to give away and Schaefer became very much angered, commencing to call the drug gill all kinds of vile names. Mr. Anderson stood it as long as his temper would allow and finally retaliated by landing a blow on Schaefer's mouth, knocking him to the floor. The drug gill then telephoned for the patrol and upon its arrival Officer Dawson had the drunken man in charge. He was fined \$8 by the mayor.

John Hallahan was arrested for being found asleep at the switch near Thompson's pottery. He was fined \$2 and costs and released this morning.

Two boys, Mike Hickey and Jack Hodley, were arrested for train jumping. They were each fined \$1 and costs.

EVERYBODY knows the remarkable medicinal value of cod liver oil, but few people can take the ordinary, nauseating kind.

Until Hage's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) was compounded, a really pleasant and palatable cod liver oil was unknown. The first taste of Hage's Cordial will dispel all prejudice.

Especially valuable in hot weather—a time when its wonderful properties are so much needed to help nature replenish the extra consumption of vitality, caused by excessive heat. A fine tonic food for puny children. Contains no grease. Agrees with the weakest stomach.

EXCURSIONISTS GOING

TO CINCINNATI

A Large Number of Local People Booked for a Trip to the Queen City.

River trips upon the palatial steamers of the Pittsburg and Cincinnati packet line are becoming very popular with the people of this and surrounding cities. These boats are in truth floating palaces and everything possible is provided for the comfort and convenience of the passengers.

When the steamer Keystone State reaches this city Monday evening on her return trip from Pittsburg she will be joined by at least 28 excursionists, who will make the trip to Cincinnati and return. Steward George Berridge will be in charge of the culinary department and with the aid of his competent chefs the excursionists can rest assured that they will fare like kings. The boat also carries an excellent orchestra and dancing will be permitted.

The following have purchased tickets for the trip: John Sellers and wife, Charles Webster and wife, William Miller and wife, Albert Allison and wife, Charles Faulk and wife, Thomas Buckley and wife, Miss McElravy, Miss Mary McCullough, Miss Arnold, Miss Haley, Charles Jameson, Mr. Reynolds, Mr. Heddlston, George Kaufman, B. C. Simms, Harry Kratz and Mrs. Burner and two daughters.

The following have secured tickets for the round trip to Cincinnati on the steamer Queen City due down next Wednesday night: A. B. Murdoch, wife and child, Misses Goldie, Jessie and Maxine Murdoch, Mrs. Campman and two daughters, all of Wellsville, and Miss Louise Irwin, Dan O'Shea and mother and Mrs. Hayes, of this city.

BARTENDER FINED

Forty And Costs for Selling to the Thirsty on a Sunday Afternoon.

Charles Parker, bartender at W. H. Thompson's saloon in Diamond street, pleaded guilty yesterday afternoon before Mayor Weaver to selling liquor in the room above the saloon on Sunday, June 21. He was fined \$40 and costs. It is said that the information upon which Parker was arrested was tendered by a young man by the name of Eisenhuth, who is posing as a detective.

The boy, it is alleged, went into the room where the liquor was being sold, took the names of the parties there and then ordered a drink for himself. He is under age and it is thought he intends to prefer a charge against Parker for selling to a minor.

NIGHT WATCHMAN

AT CITY HALL

SAFETY BOARD RECOMMENDS SUCH AN OFFICER.

Calls Now Come in When There Is No One to Answer or Attend to Business.

As a result of the meeting of the board of public safety last evening, Mrs. Sarah Haight, who has acted as janitress of the city building for several years, will likely lose her job. The board has determined that the job be given to a man who should also act as night watchman at the building. It is figured that a man can be secured for about \$40 a month, and that the money will be well spent in providing for the position. The salary of the janitress is about \$13 per month, and she does nothing but sweep the hall.

A watchman at the city building has been a necessity of longstanding. Some one is needed there at every hour of the night. Telephone calls should be answered, the prisoners should be attended to at all times, and there are numerous reasons why one should be hired. It is seldom that a policeman is about the hall at night, it being their duty to patrol their beats, and in consequence many a call is sent into the station with no one there to answer it. A prisoner could get sick and die without the assistance of an officer. It was with the knowledge of these important facts that caused the board to take the matter into serious consideration. It was finally disposed of by the appointment of a committee to present the plan to council at its next regular meeting.

A committee of East End property owners appeared before the board and requested that two fire plugs be stationed on Maple street. They stated that from Virginia avenue to Boyce street the residences are absolutely without protection. Such are the conditions on Sunnyside and a committee composed of Dawson and Grafton was appointed to investigate.

An application for a position on the police force was received from David Arthur Grimm. It was filed. A number of bills were then read and approved and the board adjourned to meet again on next Thursday evening.

TEXAS VISITED BY CLOUDBURST

At Least Twenty Believed to Have Perished in the Flood—Railway Traffic Suspended.

San Antonio, Tex., July 3.—A cloudburst visited the northwestern section of Texas, causing the death of several persons and a heavy property loss. No accurate reports of the loss of life can be obtained, as the telegraph wires are down in the storm-swept section, but enough is known to warrant the belief that at least 20 people, mostly Mexican laborers and farm hands, perished in the flood.

At Beesville one Mexican was swept away. Near Mormana 10 Mexican farm hands are reported drowned and 12 more are said to have been drowned at Pettus.

The heaviest damage was sustained by the San Antonio and Arkansas Pass railroad. Several thousand feet of its track and one large bridge were swept away. Trains have been suspended in the affected district.

Salvationists to Invade Kentucky.

Cleveland, July 3.—Salvation army officers from Cleveland, Pittsburg and Cincinnati will leave Huntington, W. Va., the latter part of August for a visit to the food country in Kentucky. A month will be spent on the trip. The party will travel on horseback and wear khaki uniforms.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane exposing the nerves, and causes the glands to secrete much, instead of the natural juices of digestion. This is called catarrh of the stomach. "For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure."—J. R. Rhea, Coppell, Texas. Sold by Alvin H. Bulger.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

WELLSVILLE

A GREAT FOURTH IN WELLSVILLE

Everything in Readiness for a Big Celebration of Independence Day.

Everything is in readiness for the Fourth of July celebration here and the most imposing street parade and pageant ever seen in Wellsville will start promptly at 9 o'clock in the morning from the public square.

The parade will be over a mile in length, five bands and three drum corps having been engaged to enliven the crowd.

A 100-foot American flag will be sent up half a mile over city hall at 8 o'clock in the morning by means of a dozen box kites built expressly for the purpose. Cannon will boom at regular intervals from daylight till dark and \$500 worth of fireworks will be sent up at 8 o'clock in the evening from a big barge in the middle of the river. There will be two games of base ball and a lengthy program of interesting sports. Handsome prizes have been offered to the winners.

An official call has been made for the residents to decorate their homes in an appropriate manner and thousands of flags and yards of bunting have been purchased for that purpose.

Fair weather is now all that is needed to put Wellsville in a position to do herself proud on the Fourth.

CITIZENS TAKE A HAND IN CLEANING STREETS

Wellsville Has a Volunteer Street Cleaning Department Vigorously at Work.

Council having refused to make an appropriation for cleaning the streets for the Fourth, leading citizens have taken upon themselves the task of doing so, and it is quite the thing now to be one in a gang of aristocratic street cleaners. People are taking to the work with a will and by this evening the paved streets will be in better condition than they have for years.

Judge P. M. Smith, Dr. A. L. Robinson, Councilman C. V. Shoup, Mike Shingler, R. A. Harsha and Julius Goetz were in command of the main street "white wings" yesterday and by their skillful manipulation of brooms and shovels quite a stretch of street was cleaned.

Former Pastor Here

Rev. W. H. Gamertsfelder, of Ashland, will spend the Fourth here and on Sunday he will preach at the First Evangelical church, of which he is a former popular pastor. While here in 1899 Rev. Gamertsfelder founded Bethel Mission.

NOVEL BUSINESS TO BE STARTED

A Ten-Cent Livery Barn for the Accommodation of Farmers.

Salem, July 3.—A genuine novelty and a long felt want will be introduced in this city in the way of a 10-cent livery barn. The barn will be located on Sugar Tree alley, North Lundy and East Green street.

A short time ago S. P. Cornell and who purchased the property at the above location from Mrs. B. A. McCalka. People have wondered what was the idea of the Cornells in purchasing the property, and this announcement fully explains the matter. The main building and office will be located on Sugar Tree alley and North Lundy street. It will be 30x60 feet. It will be surrounded at the present time with 50 sheds. Later on it is the intention to erect 50 more sheds so as to handle all the trade possible. The sheds will furnish the strictest privacy, being 8 feet wide and 20 feet long. Each will allow room for a horse and buggy. The doors of the sheds will be locked for the safety of rigs and any valuables which may be placed in them. The price will be 10 cents for one hitch. Of course if the animal is left for six or seven hours feed will be given and an extra charge made.

This barn will be a great convenience for farmers and others from surrounding towns, who desire to have a place for protection of the weather to put their rigs.

ZIMMERMAN UNDECIDED

Will Consult His Friends Before Announcing Whether He Will Run for Governor.

Youngstown, July 3.—Hon. John L. Zimmerman, of Springfield, has not yet reached a definite decision with reference to his being a candidate for governor on the Democratic ticket. Accompanying his children, Mr. Zimmerman arrived in the city yesterday on his way to visit his old home at Mill village, this county. Regarding his candidacy for the gubernatorial nomination Mr. Zimmerman said:

"My friends in different parts of the state have been urging me to come out for the nomination for some months, and have given me assurance of active support. Some of them have gone so far as to declare that I would go before the convention as a candidate and command strength to capture the honor. This announcement and claim is made without authority from me. I have not reached a decision in the matter, and cannot say now whether or not I will be a candidate. As far as I have investigated the conditions seem favorable and encouraging, but I prefer to consult certain of my friends, whom I have not yet seen, before making a definite announcement as to my intentions."

Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one? Who is the foolish one?

We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are Waiting to hear from you.

THE CITY JAIL TERRIBLY BAD

President Grafton Declares It Would Be a Disgrace to Barbarians.

CELLS NOT FIT FOR HOGS

Board of Public Safety Will Take Immediate Steps to Work a Change for the Better—Inspection Early Next Week.

A commendable step was taken by the board of public safety last evening, when by a unanimous vote, the board was appointed as a committee to confer with Mayor Weaver and Chief Wyman, the committee to have full power to act, on the improving of the sanitary and other conditions now existing at city hall. The members of the board present were very enthusiastic over an improvement, and it was decided to alter the conditions at once. The conference and inspection will be held early next week, or possibly prior to that time.

President Grafton of the board expressed himself more forcibly than the others on the matter. Exerting his oratorical powers to the utmost his words had the desired effect. He said: "It is our business to attend to this city hall. It is not necessary for us to ask council for its sanction. The members of that body have made the board of public service lay down, but we cannot be compelled to in this instance. We not only have the authority to act, but I think we should do so immediately. The cells and closets around the hall are in a most deplorable condition. When I investigated the conditions a few days ago I was reminded of Darkest Russia. It is a shame that our prisoners are subjected to such quarters.

"The cells are really not fit for hogs. The floor is filthy, a prisoner has no place to lie and nothing but a spittoon upon which he can rest his head. I tell you the conditions are horrible and awful. It is barbarous for us to allow it. In most cases men confined in the cells are those who have indiscreetly taken on too much whisky. They are not hardened criminals and they most certainly should not be treated as they are.

"The picture upon entering the jail corridor reminds one of ancient Rome, when prisoners were placed on the torture stool. For the sake of common decency and in the name of humanity I urge that something be done. We are farther back than the residents of Calcutta, who would not allow such conditions."

After this enthusiastic speech the other two members discussed the question at length, and it was finally decided to act.

COOPER THANKED BY A WOMAN

Who Has Been Sick For Many Years.

MANY DOCTORS KNOW HER

They Said She Could Not Live—She is Getting Better—Thanks to Cooper.

Cooper obtained an unsolicited testimonial last night, the case being one of long standing and with which a majority of the physicians of East Liverpool are acquainted. It was that of Mrs. Smith, 269 Eighth street, who for years has been sick with Bright's disease of the kidneys. Physicians said they could do nothing for her and that her death was only a matter of a very short time. Mrs. Parker, who lives in half of the same house, bought a bottle of Dr. Cooper's New Discovery three days ago and gave it to Mrs. Smith. That lady is now better than she has been for years and is on the rapid road to recovery. Mrs. Parker was at Cooper's show last night to get another bottle. Such testimonials as these are hard to refute and stand out bright and shining for the power of the great king of all blood purifiers. It clears the entire system and makes new bodies.

There will be another free show and concert tonight. Everything free and everybody invited. Salesrooms open every day at 301 Lincoln avenue.

A PARTY OF CAMPERS-OUT AT I. N. CRABLE'S COTTAGE AWOKE FLAME-SURROUNDED

Narrowly Escaped Being Cremated—Building and Contents Destroyed Including \$144 in Cash.

The summer cottage owned by I. N. Crable, located on the creek near Fredericktown, was totally destroyed by fire at 11:05 last night, and several inmates of the building had narrow escapes from a horrible death in the flames.

James Wedgwood, James Parker and son James, Russell Crable and William Wedgwood had been the only occupants of the cottage for several days, and the origin of the fire is a complete mystery.

The party had been fishing and hunting during their stay, and last evening all retired early and were sound asleep when the fire broke out. Parker, his son, and Russell Crable, son of the owner of the cottage, were asleep in the second story of the building and some difficulty was found in arousing them after the fire started. The structure was built of pine, and not having been finished inside was so dry that it burned like tinder. No time was allowed for the men inside of the house to dress, and they had barely time to rush to the open when the flames burst out all over the building. They were compelled to leave all

their outer garments behind, escaping with only such of their clothing as they were to sleep in.

Two valuable bird dogs, the property of Mr. Crable, were left behind in the excitement and it required quick action on the part of the men to rescue them. The dog known as Boss was rescued first, but when it became known that Dick was also inside, the men were compelled to kick in a door in order to get him out. Aside from the two dogs, not a single article was saved. In addition to the furnishings several valuable shot guns and other arms were left behind.

James Wedgwood had been sleeping on the lower floor and his coat and vest were hanging on the nail near the bed. In the excitement and haste attending the speedy exit from the burning building these articles were forgotten. In one of the pockets had been deposited \$144 in greenbacks, and this was destroyed with the cottage. Mr. Wedgwood is a well known potter of the city, and the loss of the money will be sorely felt by him.

Mr. Crable has not placed an estimate upon his loss, but it will probably reach several hundred dollars.

good enough to advance it. Seel promised to pay the amount back, but failed to keep the promise, and as a last resort Peters filed suit for it. Seel was located in Salineville, where he was working in a pottery, and Constable Powell went to that town this morning and attached his wages.

JUSTICE M'LANE A BUSY MAN

Three Cases, One of Peculiar Interest, Occupy the Attention of His Court.

A GOOD SAMARITAN SUES

Squire Daniel McLane is about the busiest man in the city. Since 6 o'clock last evening he has had three important cases under his jurisdiction, and though they were all stubborn ones the genial judge disposed of them with dispatch and satisfaction to the plaintiffs in each case.

The first case was that of Rebecca McKnight against Edgar Heddlston. This case, it will be remembered, came up for trial in the court of Squire McCarron about six weeks ago and was dismissed, the plaintiff contradicting herself in testimony rendered. She had him arrested, alleging that he was the father of her child. James McGarry was the defendant's attorney and was angered because the plaintiff would not accept \$100 and call the case off. Erastus Marshall, attorney for the plaintiff, resented some words spoken by McGarry and trouble was narrowly averted. A few minutes after the dismissal of the case in the court of Squire McCarron, Attorney Marshall went to the office of Squire McLane and filed a like charge against Heddlston. The warrant was placed in the hands of Constable Powell, but Heddlston learned of the new feature in the case and left. Until last evening he was not found. His attorney appeared before the squire and settled the case, the defendant agreeing to pay a certain sum of money and to allow other considerations.

The second case was the arrest of Grover Tasker, who was charged with jumping a board bill. He was rooming with the family of I. C. Farnsworth on College street, and when his bill reached \$13 he skipped out. He did not return to the city until yesterday. Upon his arrival he was arrested by Constable Powell, and being unable to settle he was remanded to jail for the night. This morning he promised to pay the bill as soon as possible and Squire McLane let him go.

The last case was one, the like of which probably was never known before in local courts. Ernest Seel was the defendant and B. F. Peters the plaintiff. The latter sued Seel for \$20 which amount he furnished for a good Samaritan act. He gave the money to Seel to help him pay a fine of \$2.00 and costs for stealing junk in Wellsville. Seel was remanded to the county jail and upon appealing to Peters for the money to pay the fine the latter was

MRS. CASSIDY IS AFTER DIVORCE

East Liverpool Woman Finds Marriage a Failure After Nearly 20 Years.

Lisbon, July 3.—(Special).—Margaret Cassidy, of East Liverpool, has sued for divorce from Mitchell Cassidy. They were married August 18, 1884, and have no children. She charges drunkenness and extreme cruelty and alleges that her husband owns a nine-room house on Avondale street, East Liverpool, and earns \$40 to \$50 each two weeks, which, she thinks, entitles her both to temporary and permanent alimony.

The court is asked to enjoin the husband from disposing of the property. Smith & Lones for the plaintiff and Brooks & Thompson for the defendant are the attorneys.

FOR CONSPIRACY TO ROB MAILS

Three Employees of a Rapid Transit System Arrested in Philadelphia.

Philadelphia, July 3.—(Special).—Charles Farmer and Betram and Albert Laycock, employees of the pneumatic rapid transit mail delivery system, have been arrested here for conspiracy to rob the mails.

Betram Laycock has confessed.

BOY MURDERED BY YOUNG MAN

Quarrel at Columbus Over a Woman Results in Fatal Stabbing.

Columbus, July 3.—(Special).—Eugene O'Connor, 16 years of age, was fatally stabbed here today by Charles Bunch, aged 22. It is said they quarreled over a woman. Bunch escaped.

THE BILL DISPUTED

County Commissioners Refuse to Pay Ex-Treasurer Smith's \$496 Claim.

Lisbon, July 3.—(Special).—The case of Charles E. Smith, ex-county treasurer, against the county commissioners, was presented to the court today. Mr. Smith put in a bill of \$496.11 some time ago, represented to be the 5 per cent due him on certain omitted taxes. The commissioners refused to pay the bill on the ground that he was not entitled to it under the law.

A Torpedo as a Gift.

Lisbon, July 3.—(Special).—Dr. J. N. Calhoun, of Lisbon, has presented to Starr Post, G. A. R., of this city, a torpedo weighing 450 pounds which was captured somewhere in Missouri during the civil war. The torpedo arrived in the city yesterday and will be placed with the cannon on the soldiers' lot in the cemetery.

RAILS ARRIVE FOR NEW ROAD

A MILE OF THE LITTLE BEAVER LINE READY FOR TRACKS.

Enough Rails on Hand for Extension of Four Miles Toward Lisbon.

That another one of the many railroads projected to connect East Liverpool with surrounding country is to become a reality is to be given further credence since the arrival in the city of 14 carloads of 80-pound "T" rails. The cars were set in a few days ago on a switch at the foot of Broadway and are now being unloaded by men in the employ of L. W. Healy. The rails, Mr. Healy stated this morning, are to be used on the proposed line from the east end of the city up the Little Beaver.

The work of grading this line has been in progress more than a month, and the first section, about one mile in length, is now ready for the placing of the track. The tracklayers will be put to work some time during this month. In the meantime the work of grading will be continued, and it is expected to complete at least four miles of the roadbed before the coming of cold weather.

The shipment of rails now on hand is sufficient to construct at least four miles of track, and Mr. Healy states that this will also be accomplished before winter. The rails are the heaviest and best made for street car purposes and are an indication that the new road will be first-class in every particular.

Mr. Healy is the chief promoter of the enterprise and associated with him are several Scranton (Pa.) capitalists.

ORDERED MEDICINE AND COT LIQUOR

Purchaser Would Not Pay for the Goods in a Prohibition Township.

Lisbon, July 3.—(Special).—The case of the Boggs Manufacturing company, of Chicago, vs. J. C. Lewis, of Kensington, came up today on an appeal from the court of Justice Joel Winder, of Hanover township. The plaintiff company alleges that August 6, 1902, the defendant bought of it a bill of goods valued at \$36.85 which he agreed to pay for in 30 days. The bill has not been paid and the company asks judgment for the amount with interest.

Mr. Lewis says the goods he was alleged to have purchased were bought as medicine, but consisted largely of intoxicating liquors which he could not sell at his place of business in a prohibition township.

Suit Is Appealed.

Lisbon, July 3.—(Special).—The case of Robert G. Ellis versus Sylvanus Farmer has been appealed from the court of Justice C. E. Lease, Salem. The plaintiff sued for \$25 commission for the sale of a farm and got judgment in the justice's court for the amount.

A TEMPORARY INJUNCTION GRANTED BY JUDGE HOLE

C. A. Smith Restrained From Further Work On the East End Line Until Court Decides the Issue.

Lisbon, July 3.—(Special).—A temporary injunction was granted by the court this afternoon in the case of Monroe Patterson versus the city of East Liverpool, in which the plaintiff seeks to stop the construction of another street car line in East Liverpool by C. A. Smith. The injunction becomes effective immediately on the filing of a bond of \$5,000 by the plaintiff to indemnify for possible loss the defendant, C. A. Smith, who is building the line. On motion of the plaintiff the case was set for trial on a week from Monday.

GOV. NASH FINDS TASK DIFFICULT

Nearly Driven Crazy by the Work of Selecting Public Safety Boards.

VERY MUCH RELIEVED

Now That the Greater Part of the Job is Accomplished—Visit From General Dick—Smallpox Cases in Columbiana County.

From a Staff Correspondent.

Columbus, July 3.—Governor Nash late yesterday afternoon announced the appointment of boards of safety for seven cities. All day long the appointments were eagerly anticipated, and when announced there was a sigh of relief that the suspense was over. The cities for which boards were appointed follow: Toledo, Hamilton, Middletown, Findlay, Fostoria, Painesville and Warren. None was more relieved than the governor himself, when the appointments were gotten out of the way. For some days he has done almost nothing but listen to the complaints and importunities of the politicians who wanted boards to suit themselves appointed and their persistence well nigh distracted the governor. After a long conference, yesterday morning with a millionaire brewer of Hamilton, who was interested in a board for that city, left his private office and approaching a coterie of newspaper men, asked:

"Where is the fellow who said last year I wanted to appoint all the boards in Ohio? I want to find him and crack him on the head. Why, here I have only nine boards to appoint, and it is nearly driving me crazy. Where should I be if I had the boards to fill in the 71 cities of the state?"

Governor Nash will shortly take a vacation. Next week he will attend the annual meeting of the state bar association at Put-in-Bay and spend some time at the resort, after which he will seek rest at other lake points and take water trips. In August, he will accompany the National Guard to Newark and remain through the entire encampment. A division encampment will be held this year, all the troops being mobilized. Brigade encampments were held last year. The guard is divided into two brigades.

The state board of health has been notified that there are two cases of smallpox in West township, Columbiana county, and one case in Wellsville, the latter having been traced from Hammondsville. The others are cases of a mother and daughter. The former contracted the disease in Pittsburgh and communicated it to the daughter. The mother is almost well. A number of cases have been reported from Belmont and vicinity.

James Hughes, of the state treasury, has received notice of his selection as one of the six delegates which will represent Quaker City Erie, No. 316, of Salem, at the first state convention of the Fraternal Order of Eagles, to be held in Columbus July 21 to 23, inclusive. In the neighborhood of 5,000 members are expected to be present. It will be one of the big events of the season.

General Dick was here yesterday conferring with the governor on political and military matters. He said Republican state headquarters would be opened next week and that the state campaign opening would be held about the middle of September, but did not state what place would get the meeting. He does not think Johnson wants the Democratic nomination for governor, but thought that if the party insisted upon his nomination he could hardly do otherwise than accept.

A DECISION OF IMPORTANCE

SUNDAY CLOSING EXCUSE DOES NOT GO WITH COURT.

Judge Holds That it is Not a Valid Reason for Keeping Saloons Open.

Lisbon, July 3.—(Special).—The verdict the other day in the case of Ohio vs. Thomas and Michael Cloran and Charles Waggle, of East Liverpool, in which the jury held the trio guilty of keeping Cloran's saloon open on Sunday, is one of far-reaching importance throughout the county, as well as in East Liverpool, establishing as it does a precedent in the matter of enforcing the Sunday closing laws.

In this instance the three accused had been in the saloon from 6:30 to 10:30 on Sunday morning for the alleged purpose of "cleaning up," an excuse often offered in such cases. Prosecutor Brooks took the position that saloonists cannot create conditions in their places of business which will make it necessary to keep open on Sunday to clean up.

Judge Hole sustained this position, instructing the jury that while an emergency might sometimes exist that would serve as an excuse for a saloonkeeper to open his place temporarily on Sunday, the emergency must not be of his own creating and he must conduct his business so that no occasion will arise for opening on Sunday for any business purpose, such as cleaning out, etc.

This was the position taken by Mayor Weaver, of East Liverpool, and the court here has sustained it. The mayor held that the cleaning out privilege was abused by the saloonkeepers and used as an occasion for illegal sales on Sunday.

TWO MORE DIVORCES HAVE BEEN GRANTED

Salineville and East Palestine Wives Freed From Matrimonial Ties.

Lisbon, July 3.—(Special).—The present term of court has been noteworthy for divorces. Rosetta McGilivray, of Salineville, was divorced from William McGilivray on the grounds of habitual drunkenness, extreme cruelty and failure to provide. The woman is given custody of four children. They were married February 25, 1886.

Anna M. Burt, of East Palestine, was granted separation from W. J. Burt and was given custody of their seven-year-old son, and \$750 alimony. They were married February 22, 1891, in Allegheny, and two children born to them are dead. The plaintiff set up four reasons for seeking separation. Unfaithfulness on the part of the husband had caused them to separate twice. She was compelled to support herself when her husband was amply able to do so. On several occasions he had been guilty of unfaithfulness.

H. C. Hallam Makes a Serious Charge Against John Rinehart.

H. C. Hallam, who with a prominent young lady of this city, was thrown from a buggy in a runaway, near Calcutta last Sunday, the particulars of which appeared in the News Review, stated today that he would sue John Rinehart, from whom he hired the rig, for damages on two accounts. He alleges that the liverman is liable because the harness was weak and that the young lady's injuries were the result of the unsafe breeching.

Hallam also alleges that Rinehart forced him to pay \$15 at the point of a hatchet. He says Rinehart raised a hatchet over his head and threatened to brain him if he did not produce.

SAFETY BOARD WILL BOOST THE PLAN OF MAYOR WEAVER TO MAKE PRISONERS WORK

The Scheme Regarded With Favor and Likely to Be Profitable For the City.

The board of public safety means to assist Mayor Weaver in carrying out his determination to work prisoners who have no money with which to pay their fines. At the regular meeting held last evening Clerk Huntsman notified the board of the mayor's request, that it recommend to the board of public service the importance of the plan and that the boards unite to make it effective. Two members, Grafton and Ogilvie, were appointed a committee to meet with the board of public service next Monday evening.

Following the exclusive publication in the News Review of the mayor's plan to apply the ordinance governing the sentence of penniless prisoners, the question was taken up by everyone interested in the running of the municipality and up to the present time there have been no objections raised. It will undoubtedly be a profitable scheme for the city, and as the financial situation is apparently beyond repair during the present year the move on the part of the mayor will meet with nothing but satisfaction. There are many days when the street commissioner does not have more than a

half dozen men working on the streets. And there are as many days when that many men could be furnished from the city jail. For men that are hired to do the work \$1.50 per day is paid. A man working out a fine must work at the rate of 75 cents and the only expense attached is his feed.

The ordinance under which the plan will be worked reads as follows:

"Whenever a fine is imposed for the violation of any ordinance, section or part of a section of any ordinance of the city and the same is not paid the mayor shall order the person committed until such fine and the costs of prosecution are paid, or until the person is otherwise discharged by due process of law; provided that after commitment for 24 hours and failure to pay such fine and costs the mayor may order such person to be placed at work on the street or any public improvement of the city, under the direction and control of the marshal, street commissioner or other city official, there to be kept at hard labor until, at the rate of 75 cents per day, said person shall have earned an amount equal to such fine and costs."

The Case of A. D. Hill Against An Insurance Company Dismissed.

Lisbon, July 3.—(Special).—The case of Arthur D. Hill, of East Liverpool, vs. the Central Accident Insurance company, of Pittsburgh, in progress two days, was taken from the jury and dismissed yesterday afternoon, the defendant company's attorneys having renewed their motion for dismissal.

Appealed from Justice's Court.

Lisbon, July 3.—(Special).—The case of Thomas Cameron et al against the Renner-Diebel Oil company has been appealed from the court of Justice John W. Grove, of Knox township. The plaintiff sued for \$279, an alleged indebtedness on a lease, with interest on \$125 from October 15, 1902, and on \$125 from April 15, 1903. A jury in the justice's court found for the defendant, Lodge Riddle is the plaintiff's attorney.

Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one? Who is the foolish one?

We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are waiting to hear from you.

THE CITY JAIL TERRIBLY BAD

President Grafton Declares It Would Be a Disgrace to Barbarians.

CELLS NOT FIT FOR HOGS

Board of Public Safety Will Take Immediate Steps to Work a Change for the Better—Inspection Early Next Week.

A commendable step was taken by the board of public safety last evening, when by a unanimous vote, the board was appointed as a committee to confer with Mayor Weaver and Chief Wyman, the committee to have full power to act, on the improving of the sanitary and other conditions now existing at city hall. The members of the board present were very enthusiastic over an improvement, and it was decided to alter the conditions at once. The conference and inspection will be held early next week, or possibly prior to that time.

President Grafton of the board expressed himself more forcibly than the others on the matter. Exerting his oratorical powers to the utmost his words had the desired effect. He said: "It is our business to attend to this city hall. It is not necessary for us to ask council for its sanction. The members of that body have made the board of public service lay down, but we cannot be compelled to in this instance. We not only have the authority to act, but I think we should do so immediately. The cells and closets around the hall are in a most deplorable condition. When I investigated the conditions a few days ago I was reminded of Darkest Russia. It is a shame that our prisoners are subjected to such quarters.

"The cells are really not fit for hogs. The floor is filthy, a prisoner has no place to lie and nothing but a spittoon upon which he can rest his head. I tell you the conditions are horrible and awful. It is barbarous for us to allow it. In most cases men confined in the cells are those who have inadvertently taken on too much whisky. They are not hardened criminals and they most certainly should not be treated as they are.

"The picture upon entering the jail corridor reminds one of ancient Rome, when prisoners were placed on the torture stool. For the sake of common decency and in the name of humanity I urge that something be done. We are farther back than the residents of Calcutta, who would not allow such conditions."

After this enthusiastic speech the other two members discussed the question at length, and it was finally decided to act.

TRENTON POTTERY NEWS.

Trenton, July 3.—(Special)—A prominent manufacturer said yesterday on the trade situation:

"Although the volume of business has been large for the past two years, profits have been very unsatisfactory and there are but few manufacturers who have received a nominal interest in their capital in that time. Although the McKinley bill increased the duties, it is a fact that a cheap grade of goods is being imported from Holland and France at a low price than under the Wilson tariff. The manufacturers have made every effort through the custom house to prevent this, but they have been unsuccessful."

Building operations of several of the local potteries are being pushed. The Trenton Pottery company a few days ago purchased the Trenton Brass works on North Clinton avenue, a short distance from the main plant and will tear it down and build on the site a large storehouse and stables. Every available inch of the space of the yard which surrounds the Empire plant has been taken up with buildings and the new acquisition was made necessary for need of additional room. The contract for the work has been awarded and operations will be begun in a few days.

Two one-story buildings are going up at the Equitable pottery, which is also controlled by the syndicate. These buildings will be used in the manufacture of porcelain bath tubs which will shortly be transferred from the Empire plant.

The Oakland Manufacturing company, capitalized at \$100,000, filed articles of incorporation with the secretary of state yesterday. The incorporators are Franz Hill, a wealthy brewer, Thomas Trapp and Patrick H. Mohan, formerly manager of the Standard Sanitary pottery of Eliza-

NEW YORK'S

CROWDED SQUARE

Plan to Relieve Congestion of Traffic

Contemplates Tunnel Station in Macy's Basement.

The board of aldermen, in New York city, has a knotty problem to solve in connection with Herald Square. This section has suddenly become one of the busiest shopping districts in the city since the erection of the Herald Building and R. H. Macy's mammoth department store. Thirty-fourth street, running east and west from river to river, has become a crowded thoroughfare. West of Herald Square, on the same street, the Pennsylvania depot, the largest passenger depot in the world, will soon be erected, the work of tearing down old buildings having been begun. This will in time result in bringing many more thousands daily into this immediate district. Sixth avenue and Broadway cross thirty-fourth street, forming two pyramidal public squares whose apex meet under the elevated railroad at thirty-fourth street. As each of the avenues and cross streets carry double tracks for electric cars, Herald Square has become the most central point in the city.

Beneath thirty-fourth street the Pennsylvania railroad proposes to continue its North River tunnel to and under the East River to Long Island, affording residents of Brooklyn and Long Island and Jersey City and the outlying towns rapid transit facilities to Herald Square. A station at this point to the present property valuation would entail an enormous expense on the city, and a proposition is now being discussed by which an arrangement can be made with Macy's to make the entrance and exit of the tunnel through the thirty-fourth street frontage of their great building.

At the present time, frequently one hundred thousand persons a day enter Macy's without creating an impression of crowding, and from these signs it is believed that half a million of persons could enter and leave cars in the basement without discomfort. The deposit department, recently added to the business of this greatest retail establishment in the world, is bringing thousands daily to the store, desirous of availing themselves of placing on deposit various sums of money upon which 4 per cent interest is allowed. This system of deposit has proven most attractive. Interest is computed on balances every three months, so that it is not only better than the customary savings banks' three and three and a half per cent, but actually compounds. Money on deposit can be drawn without a minute's notice, or can be used as a credit against purchases made in the store or by mail. It is strange that a department so attractive to buyers has not been added to other great stores. It is a Department of Deposits as described, and is not in any sense of the word a banking house.

SEAMAN SWEEP AWAY

Carl Olson Washed From Bow-sprit of Columbia During Race and Drowned.

CONSTITUTION HAS ACCIDENT

Reliance Makes Fast Run of Ten Miles in Stiffest Breeze and Hardest Sea of Season—Columbia With-

draws from Race.

Newport, R. I., July 3.—For the first time in the history of American 90-footers a fatal accident occurred. Carl B. Olson, a seaman on the old cup defender Columbia, was washed from the bowsprit just before the yacht reached the first turn in the race and was drowned. When the yacht lifted from the big wave into which she had plunged Olson was seen almost under the stern clinging to the hobstay, but before assistance could be given him the sloop dipped into another great comb and he was not seen afterward.

Captain Miller, of the Columbia, thinks that Olson was struck by the overhang of the craft as it came smashing down and knocked senseless. The Columbia came into the wind instantly. Two life buoys were thrown into the water and the tender was put overboard as quickly as possible. Two men jumped into the tender and rowed around for 20 minutes ready to pick Olson up if he came to the surface. Out of respect to the dead man the Columbia withdrew from the race.

There will be no more racing until the yachts start on the New York yacht club's cruise.

Mishap to Constitution.

The race was also marred by a mishap to the Constitution. Soon after the start she carried away the jaws of her ruff, and the great steel spar swinging forward, buckled in the center. The mainsail was ripped clear across several times and rendered practically worthless. It was the best managed boat had spread this season and was the third that had been tried this year.

The Reliance received the severest buffeting she has had since being launched. The sea was a terrible one for racing yachts and when the yacht reached her going it was noticed that she had a big dent five feet long in the bronze plating close to the waterline on the port bow. The indentation was similar to that the Constitution sustained two years ago.

The Reliance sailed splendidly. The wind blew more than 20 miles an hour and all three yachts found that they could not even carry small working topsails to windward, so they went off under the three lower sails only. It was the stiffest breeze and hardest sea that the boats have been out in since the season's racing began and had there been no accidents the record for a 30-mile triangular course would have been cut down considerably. As it was the Reliance, with no craft to push her and with only a No. 1 jib topsail hoisted in addition to the three lower sails, came to the finish line from the second turn in 47 minutes 10 seconds, the fastest 30-mile leg ever sailed. The rigging and spars of the Reliance went through the test in splendid style, not a strand of wire being started.

Poor Showing by Americans.

Ballyshannon, Ireland, July 3.—The international automobile race for the James Gordon Bennett cup was won by Jenatzy, a member of the German team, who covered the distance of 370 1/2 miles in 6 hours 35 minutes and 6 seconds, including the stops imposed by the regulations. Two members of the French team ran each other so close for second place that it is not known whether De Knyff or Farman is entitled to the honor. Only one minute divided them. It is thought likely that De Knyff's claim to second place will be upheld. The most remarkable features of the great race were its practical immunity from serious accidents and the wretched showing of the American team.

Coroner Suspects Foul Play.

Altoona, Pa., July 3.—Suspecting foul play, Coroner McCartney had exhumed the remains of Alfred Hench, a young farmer who died 10 days ago under mysterious circumstances. The coroner was apprised by letter that Hench's death was due to poison and relatives admit that he had been poisoned eating canned tomatoes. After the internal organs are analyzed by a Philadelphia expert an inquest will be held.

Students Cheated in Examination.

Princeton, July 3.—Eight students who took the entrance examinations to Princeton university last month have been permanently debarred from admission on account of cheating in the examination and word has been sent to this effect to the schools where the offense occurred and to the parents of the offenders against Princeton's honor system.

Americans Well Received.

Copenhagen, July 3.—Many officers and men of the United States European squadron, now at anchor off Kallundborg, visited this city. Excursions to points of interest were organized and the visitors were the center of attraction for the populace, which evidenced in every way a kindly feeling for the Americans.

IF YOU ARE SICK

And need medicine for your Kidneys, Liver, Bladder or Blood, get the Best.

Dr. David Kennedy's Favorite Remedy.

If you are suffering from kidney or bladder disease, the doctor asks: "Do you desire to urinate often, and are you compelled to get up frequently during the night? Does your back pain you? Does your urine stain linen? Is there a scalding pain in passing it, and is it difficult to hold the urine back? If so, your kidneys or bladder are diseased."

Try putting some of your urine in a glass tumbler, let it stand twenty-four hours. If there is sediment, or a cloudy, milky appearance, your kidneys are sick. Dr. David Kennedy's Favorite Remedy will surely relieve and cure the most distressing cases of these dread diseases, and no physician can prescribe a medicine that equals it for kidney, liver, bladder and blood diseases, rheumatism, dyspepsia and chronic constipation.

Walter D. Miller, of Delhi, N. Y., writes:

"I suffered for years with kidney trouble and severe pains in my back, at times it was so bad I could hardly walk. My stomach also troubled me and I frequently had twinges of rheumatism. I suffered a great deal and received no benefit until I began the use of Dr. David Kennedy's Favorite Remedy. After taking it a short while it cured me."

VERDICT FOR WILSON IN DAMAGE SUIT

JURY AWARDED HIM THE SUM OF \$5.

Interest in the Case So Great That the Hearing Was Adjourned to Larkins' Hall.

Interest in the damage suit of Lemoine Wilson, the liveryman, against Oscar Miller, to whom he hired a rig during the latter part of May became so great that when the hearing came on yesterday afternoon before Justice L. W. Carman it was found necessary to adjourn from the justice's office to Larkins' hall. Spectators to the number of several hundred gathered in the spacious room and remained until the jury had rendered a verdict.

Not in years has a case attracted so much attention, and it was the first time in history that the justice's office was not large enough to accommodate all who cared to hear a law suit. When the case was called at 2 o'clock, 26 witnesses appeared to be sworn, 18 of whom had been summoned for the plaintiff. A jury trial had been demanded and the following jurors were impaneled: George Hamilton, James Rayle, John Senor, Harvey Martin, John Grant and Archie Scarlight. Attorneys George Davidson and J. E. Davis represented the plaintiff and Hollis E. Grosshans the defendant.

The testimony bearing upon the cause of the runaway, in which the rig was damaged, was about the same from the witnesses of both sides. It will be remembered that the animal became frightened on Sixth street and ran away. At the corner of Sixth and Broadway the buggy was upset and the occupants, Oscar Miller, the defendant in the action, and a lady were thrown to the street. Both were painfully, though not seriously, injured. The buggy was damaged to some extent and Wilson claimed \$9 damages.

The hearing of the case occupied most of the afternoon, and it was well toward evening when the attorneys finished the arguments. The jury deliberated almost an hour and found for the plaintiff in the sum of \$5.

Contrary to expectations no notice of appeal was given and the defendant may accept the verdict as final.

LOTS OF TROUBLE

Lemoine Wilson, the Liveryman, Compelled to Again Invoke the Aid of the Law.

Lemoine Wilson, the Virginia avenue liveryman, who has been in business in the East End less than two months, is certainly having his share of trouble. Yesterday afternoon while the damage case in which he was the plaintiff was being heard in Squire Carman's court a rig from his stable was hired to Fred Bixby, well known in the East End. Bixby stated that he wanted the rig for an hour and a half and that he was going to take his wife for a drive.

The hour and a half passed by and Bixby failed to show up. The stable boys stayed up almost all of the night waiting for him to appear but they were disappointed. When he did not appear this morning Wilson became alarmed and reported the occurrence to the East End fire station to advise with the mayor and police chief.

May Be Transferred.

A. P. Myler, district deputy for the Tribe of Ben Hur, expects to be transferred to the southern district of Ohio after July 15. Mr. Myler has been very successful in the work of organizing new lodges and increasing the membership of those already established and his services are very highly valued by the grand officers of the order. If the transfer is made he will have entire charge of all the territory in the state south of Zanesville with headquarters probably at Marietta.

Pay Day at Laughlin's.

The hearts of the operatives at the Laughlin plants were gladdened this afternoon when they were paid for their labor for the past three weeks. Last Saturday was the regular pay day at the plant, but as today wound up the first six months of the year and was the last day of work before the loaf, the pay was deferred. The pay was an unusually large one.

CAN'T BE SEPARATED

Some East Liverpool People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys, forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement about Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and was cured."

EAST END AFFAIRS.

Miss Edie Ramsey is visiting with relatives in Hancock county.

Marion McArter, of Maple street, is visiting friends at Columbiana.

Clifford, the young son of Dr. W. E. Nowen, has returned from a visit to Detroit.

J. E. Delaney and family, who have been residents of the East End for the past five months, are moving today to Meigs county.

Charley Supplee, of Ohio avenue, who has been spending his vacation at New Sheffield, Pa., is home to spend the Fourth with his parents.

Mrs. H. M. Cowan, of Bulger, Pa., who has been visiting Mrs. H. A. Cowan, of Ohio avenue, left this morning for Chester, where she will make a short visit before returning to her home.

Mrs. M. E. Chambers, of Pennsylvania avenue, left this morning for Chattanooga, N. Y., where she will join Rev. and Mrs. H. C. Chambers. They will spend two weeks there and Rev. and Mrs. Chambers will come to this city for a visit before their departure for India.

The thoughts of taking cod liver oil is nauseating only to those who have never tried Hager's Cordial of Cod Liver Oil with Hypophosphites of Lime and Soda. With Hager's you get all the active properties of the cod's liver, but not a vestige of greasy, fishy flavor, as in other cod liver oils.

German Syrup.

We want to impress on our readers that Roschke's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gum etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

THE LISBON TIN MILL MAY BE STARTED UP

Visit of Officials of the Company Encourages the People of the Town.

Lisbon, July 3.—(Special.)—The American Tin Plate company officials, who were here yesterday inspecting the local mill, left on the afternoon train. While nothing definite was given out by them, there is good reason to believe that the project of starting the mill is receiving serious consideration. During their visit to the plant, the officials took note of what would be required to place the mill in running order, and it was found that a considerable outlay would be necessary. Yet for such a valuable plant, the cost of repairs would be a comparatively small item, should the corporation deem it expedient to have work resumed here, and the concern is too well equipped for its abandonment to be at all probable.

When in operation the monthly disbursement of wages by this mill amounts to nearly \$25,000 and its idleness of nearly a year has been a severe blow to Lisbon.

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails. It has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since."—H. A. Tisdale, Summerton, S. C. PARK

Park, July 3.—A lawn social will be given next Tuesday evening at the home of Mr. and Mrs. Frank Conkle, near the Bell school house, by the members of Mrs. Conkle's and George E. Long's M. P. Sunday school classes. Everybody will be welcome and assured a good time. Ice cream, cake, sliced bananas, raspberries, etc., will be served. H. C. Moore's orchestra will be present and enliven the occasion with good music. The proceeds will be for the benefit of the Sunday school and church.

The First M. E. church is undergoing repairs now, through painting the inside woodwork, papering, etc. Mr. Thompson and John Hickman are doing the work.

Mrs. W. H. Crawford will spend the Fourth with her daughter, Mrs. George Messenger, of Shelby.

George E. Lones and sister, Miss Dora, will spend the Fourth with their brother, Attorney Frank Lones, Wellsville.

Mr. and Mrs. H. Chandler Moore have returned to the bride's home in St. Clair township, after spending a brief honeymoon trip in Pittsburgh and Cleveland.

Quite a number from here attended the Trotter and Barns wedding near Calcutta on Tuesday.

Nervous Depression.

Summer months are peculiarly the months of nervous diseases, especially nervous prostration and other depressed states of the nervous system. People who are not at all inclined to be nervous or suffer from weak nerves find this time especially trying. Sultry heat and electrical disturbances of the atmosphere are probably the cause of this.

Invalids need to be particularly careful to fortify the nervous system by the use of Peruna.

Miss Helen Roloff, Kaukauna, Wis., writes: "Seven years ago my system had been greatly in need of a tonic, and at those times Peruna has been of great help in building up the system, restoring my appetite and securing restful sleep. I know a great number of women who are using it for the troubles peculiar to the sex, and with the best results."—Helen Roloff.

time. The medicine only is obtained by each patient at her own drug store. Those desiring to become regular patients have only to send address, duration of disease and treatment previously received, and directions for the first month's treatment will be sent at once.

Over half the women have catarrh in some form or another. And yet, probably not a tenth of the women know that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently.

One woman has dyspepsia, another bronchitis, another Bright's disease, another liver complaint, another consumption, another female complaint. These women would be very much surprised to hear that they are all suffering with chronic catarrh. But it is so, nevertheless.

Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining of which organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is why Peruna has become so justly famous in the cure of female diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate—it cures.

Miss Jennie Finley, 29 Madison street, Memphis, Tenn., a popular young society lady of that place, writes: "Three years ago I had very poor health, and while I was only sick and occasionally, I was unable to enjoy life, and lacked vitality and strength. I was an easy subject to colds and influenza. Four bottles of Peruna changed my entire physical condition. My head stopped aching, my strength returned, and the poison was driven out of my blood. I felt like a new and well woman once more. It is a truly great medicine and well worthy the good things its friends say about it. And it will always have my endorsement."—Jennie Finley.

Miss Lucy M. Riley, 33 Davenport street, Cleveland, Ohio, writes: "I wish to add my endorsement to thousands of other women who have been cured through the use of Peruna. I suffered for five years with severe backache, and when weary or worried in the least I had prolonged headache. This fact I could not but feel like a new and well woman once more. It is a truly great medicine and well worthy the good things its friends say about it. And it will always have my endorsement."—Lucy M. Riley.

ably not a tenth of the women know that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently.

One woman has dyspepsia, another bronchitis, another Bright's disease, another liver complaint, another consumption, another female complaint. These women would be very much surprised to hear that they are all suffering with chronic catarrh. But it is so, nevertheless.

Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining of which organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is why Peruna has become so justly famous in the cure of female diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate—it cures.

"Health and Beauty," sent free by The Peruna Medicine Co., Columbus, Ohio.

Miss Louise Bertzel, 19 1/2 Second street, Brooklyn, N. Y., writes: "My health was excellent until about six months ago, when I seemed to have a sudden change in my system, and the doctor ordered an entire change of scene and climate. As this was an impossibility at the time, I had to try and regain my health in another way and was induced by a friend, who gave Peruna such a good recommendation, to try Peruna. I cannot tell you the condition of my nerves when I began to use it. The least noise irritated me, and I felt that life was not worth living, but Peruna soon changed me into a well woman, and now I do not know I have nerves."—Louise Bertzel.

"A newspaper contributor was lately admitted into the extensive suite of offices which constitute the headquarters of Dr. Hartman, who treats catarrh of the bladder, and among the correspondents were assistant doctors, clerks, stenographers and bookkeepers. Dr. Hartman stopped long enough to say a few words.

"A large number of female patients visit me every year, but the number who are cured on my book as regular patients and are treated by correspondence is very much larger. Hundreds of letters are received and answered free every day. A yet greater multitude take my catarrh remedy, Peruna, and are cured, of whom I never hear. Some of this latter class write me years after their cure.

"I never allow a name published except by the written consent of the patient. We make no charge at any time."

BRUTAL NEGRO ATTACKS WOMEN

Two Ladies Near Piney Fork Assaulted and One Left in a Serious Condition.

Steubenville, July 3.—Miss Moore, a young lady of Piney Fork near Smith, Pa., a settlement that recently sprang into prominence because of railroad building and new coal mines, lies in a critical condition as the result of an outrage by two black brutes, only one of whom is known. Her teeth are knocked out, her shoulder dislocated, body cut and bruised and her nervous system almost entirely destroyed because of the brutes' attack upon her.

About 1:30 o'clock yesterday morning a negro known as Sore Rogers broke into the house occupied by Mrs. Tweedy, an aged widow, with whom Miss Moore, her granddaughter, lived. Rogers broke down the door of the front room in which the women were sleeping and as soon as he entered he blew out the light that was burning near the bed. Then he sprang into the bed occupied by Miss Moore and she fought him off. The negro was a

stout brute, however, and succeeded in dragging the woman from the bed to the floor where she continued to fight him. In dragging her from the bed Miss Moore's shoulder was dislocated, but still she kept on fighting the negro until she was unconscious from pain. Pretty soon the negro wanted money and Mrs. Tweedy agreed to give him all the money in the house, amounting to \$14.50, which he took and departed. Since then he has not been seen, although the citizens are searching for him.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative you want, dyspepsia medicines and pills, it's so big, there is in this country. Their action surely to make one feel joyful."—Uncle Reuben.

A ship canal to give Glasgow a direct

outlet to the North sea is to be built at

a cost of \$50,000,000. Originally the

river Clyde at Glasgow was a shallow

stream, obstructed by mud banks, but

enterprise and sound engineering have

made the city one of the most impor-

is insignificant?

Tooth Brush Economy

We have tooth brushes for ten cents that are sold for double the price in some places. Extra good ones for fifteen cents, splendid values for the money, but we do not urge the sale of any of these because real downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

First, your teeth are worthy of the best brush made. The better the brush the more perfect its work.

Second, the higher grade brushes are guaranteed to give long and perfect service.

THE KING OF ALL ADVERTISING MEDIUMS

Unquestionably it is the Evening Daily Newspaper, Says an Expert Authority.

As never before, general advertisers are now alive to the power and value of the daily newspaper as an advertising medium. During the last few years many leading advertisers have left the magazines almost entirely, for the medium of greatest frequency of publication and of most thoroughness in its reaching of all the people. It is significant, but not singular, that the advertisers who market products for home consumption were the ones who first broke ranks, and began heavier use of the agency that has abundantly proved its superior effectiveness—the daily newspaper.

As a result, the advertising patronage of magazines has markedly decreased, with more than corresponding increase in the employment of the daily newspaper, says an advertising expert. It is commonly reported that a prominent magazine publisher, realizing that the most approved advertising medium of the future must be the daily newspaper, has organized a gigantic combine to control a number of dailies in the principal cities of the United States.

Analyzing still farther, and going to the logical and ultimate conclusion from premises that cannot be disputed, it is certain that the best daily newspaper is the afternoon paper. Authorities of high standing and greatest success among the leading advertisers of the United States agree that approximately seven-eighths of the supplies and furnishings purchased for consumption in the home are bought by the feminine head of the family—and obviously inseparable from this fact is the axiom that the daily newspaper that goes to and finds a welcome place in the home is manifestly the most effective medium.

The most successful advertisers eloquently express their conviction on this point by spending the bulk of their appropriation in the afternoon newspaper—which is not read alone by the member of the family who, as a rule, does little shopping excepting for his own personal requirements, nor hastily read and then thrown aside, with only in rare cases so much as a glance over the advertisements. The policy of these large advertisers is explained by the fact that they find the afternoon paper produces better results than does the morning paper, for it goes into the hands of those most responsive to their announcements, and who, moreover, have a keen and constant interest in the publicity that appeals to the home and the family.

Doctors who have found business dull are doubtless smiling in anticipation of tomorrow.

SOUTH SIDE

RIG DEMOLISHED

And the Man Who Drove It Got the Worst Scare of His Life.

Louie Kappi had a thrilling experience on Carolina avenue at about 8 o'clock last evening, and though he was not badly hurt, was frightened nearly out of his wits and the buggy in which he rode was smashed to pieces.

Kappi is a baker and is employed in the Nick Cenally bakery. Last evening he was sent to deliver a large cake to some patron in the upper part of town, and hitched up a buggy intending to ride. When he turned onto Carolina avenue from Third street the horse became frightened at an automobile, and in spite of the efforts of the baker to prevent it, ran down the street, nearly striking a child.

The driver was game and clung to the lines, but the horse had the bit in its teeth and paid no attention to the frantic tugs at the reins. The animal kept to the road until it neared the old entrance to the park, when it turned off the street and ran onto a vacant lot, colliding with a telephone pole as it did so. Kappi was thrown out, sustaining several severe bruises, while the rig was completely demolished. The horse was stopped by bystanders and unhitched from the dilapidated buggy, while others looked after the injured man. An examination showed that no bones were broken and that his hurts were not serious. The large cake which the driver had placed carefully in the bed of the buggy was reduced to crumbs.

SAM WEST IS FREE

Jury Disagreed And the Case Against Him Will Likely Be Dropped.

Sam West, accused of putting a bullet into Marsh Hobbs' body at New Cumberland on March 29, is a free man and it is not likely that he will ever have to face the charge of shooting Hobbs, who betrayed his confidence and associated with his wife, now in the Canton workhouse.

Public sentiment favored West, as did also a jury, which was kept locked up for 25 hours and then refused to agree on a verdict, but instead reported a disagreement.

The witnesses put both Hobbs and Middle West in a very bad light, and after the jury considered all these things 19 members wanted to acquit the husband, but two members thought he should receive some punishment. The two members held out until Wednesday noon when the jury was called into the court room and discharged and the case left over until a future date.

ACED MAN DEAD

Lived to the Age of 103, Never Knowing a Day's Illness Until the Last.

Freeman Coulter, the oldest man in the Pan Handle and probably the oldest man in the state, died on his farm near Woodland this week, aged 103 years.

Mr. Coulter, who was known to many people in Chester, was a man of remarkable vitality. He worked on his farm almost up to the day of his death. All through his long pilgrimage he was never known to be sick until the last six months of his life, and was always a hearty eater and a good worker. He retained his mind and eye sight until the end. He never wore glasses in his life.

Mr. Coulter was born in Greene county, Pa., a land that is noted as the nursery of remarkable men. He lived for some years in the state of Ohio, but has been a resident of West Virginia for a long number of years. He was twice married and was the father of fourteen children. His second wife survives him.

MAY NEVER WALK AGAIN

A Chester Lady Very Badly Hurt By Falling Down Cellar Stairs.

Mrs. David Evans, residing with her husband on Sixth street, Chester, may die from injuries received while ascending the cellar stairs at her home. The lady fell in such a manner that her spine was severely wrenched and she was carried to a couch, from which she has been unable to move since.

Dr. J. Howard Davis, of East Liverpool, was hastily summoned and the injuries attended to, but Mrs. Evans is in a very bad way. Complications are feared, and it may be that she will never walk again.

EXCITING RUNAWAY

Occurred in Chester And Young Cassius Fowler Came Near Being Killed.

An exciting and disastrous runaway occurred on Second street, Chester, at noon in which the driver of the team came near being killed.

Cassius Fowler, son of one of the proprietors of the Chester Hardware store, was driving the delivery wagon to which was hitched a team of spirited horses. He had left the store only a few minutes before the accident for the upper end of town. Approaching the Second street bridge the horses became frightened at Homer J. Taylor's automobile coming directly toward them 100 yards away.

The fractious horses became unmanageable in an instant and turning directly about dragged the wagon over the curbings. The front wheels became fastened under the bed of the wagon in spite of the attempt of young Fowler to loosen them, remained fast. Instead of jumping to save himself the driver remained in his seat until thrown in front of the wagon, where he ran and was carried together for a distance of 15 yards. Bystanders were sure he would be killed, as he alighted between the traces, directly behind one of the flying horses. By a supreme effort Fowler succeeded in throwing himself clear of the harness, and Solicitor George D. Ingram and Mayor Mercer, who had by this time reached the scene, brought the horses to a standstill. Not, however, until the wagon had been overturned, alighting upon one of the horses, which had fallen. Some difficulty was encountered in extricating the fallen horses from under the wagon and disentangling them from the harness.

Young Fowler was badly bruised and his clothes were torn. The tongue of the wagon was broken entirely off near the front axle and it was damaged in other ways.

WELL KEPT SECRET

Fact Just Announced of a Popular Couple's Marriage Months Ago.

The announcement was made this morning that George R., better known as Dick Johnston, son of Councilman E. S. Johnston, and Miss Julia C. Connors, both of Chester, were married several months ago, and have guarded the secret well. The announcement came as a complete surprise to their many friends, and though the congratulations being showered upon them today are a trifle tardy, they are none the less sincere.

The bride is one of the best known young ladies in Chester, being a daughter of Mrs. Mary Connors, of Carolina avenue. Mr. Johnston is employed as a higgeman at the Union pottery in East Liverpool. The couple will go to housekeeping next week in Chester.

Interested in Good Roads.

Special rates have been secured on all railroads for the good roads convention at Morgantown July 10 and 11, and the attendance promises to be very large. In conversation with a News Review reporter yesterday, J. M. Hunter, residing south of Chester, said he expected to make the trip and several others from Hancock county are making preparations to attend. Mr. Hunter is a farmer and has been interested in the good roads movement for several years. It is possible the convention will be instrumental in arousing the residents of Hancock county and that improvements may be made to the county roads within a few years.

Slander Suit Not Settled.

The case of Arthur S. Cooper vs. J. R. Scott, which was up for trial at New Cumberland yesterday, is as far from a settlement as before. The jury failed to agree, and the case will go over to the September term of court. The suit was brought by Cooper to recover \$10,000 damages for slander, and has attracted a great deal of attention all over the county, where both men are well known.

Miss Elva Smith is recovering after a brief illness.

Edward McCullough is visiting friends in Beaver Falls.

Mrs. Joseph Mitchell, of Pittsburg, is the guest of Mr. and Mrs. S. J. Corson.

Miss Dollie Jackson, from Congo, is the guest of Miss Annie Cunningham, in Chester.

A pleasant time was spent yesterday afternoon by a number of friends at the home of Mrs. Richard Banfield, on Carolina avenue.

While at work in the Chester tin mill yesterday Orle Jackson received a bad cut on the palm of his right hand. The wound is a painful one and will lay him up for several days.

The meeting of the official board of the Presbyterian church, to have been held tonight, has been postponed until next Monday evening. The postponement was necessary in order to allow certain of the contractors some more time to go over the specifications before submitting bids for the construction of the new church edifice.

DRUNKEN GIRL

PLACED IN JAIL

Made a Disgraceful Spectacle of Herself—Other Disorderly Characters.

A number of drunks were picked up by the police yesterday. One of them, a pretty girl of 19 years, known by the name of Nellie Daugherty, presented a heart rending scene at the city hall. That a girl of her personal appearance should be so low and degraded appealed to everyone that saw her. She swore like a trooper when arrested and after being confined in the women's department continued her tirade without any apparent respect for herself or for any of her connections. After lying on the iron bed for an hour or more she became calmed and went to sleep. A few hours later some friends came to her rescue and she was taken to her home.

Samuel Schaefer, a resident of Pleasant Heights, and a saggemaker by trade, got all that was coming to him when he entered the drug store of C. G. Anderson in the Diamond and insulted the proprietor. He first asked Anderson for 50 cents. Anderson replied that he had no money to give away and Schaefer became very much angered, commencing to call the drug gist all kinds of vile names. Mr. Anderson stood it as long as his temper would allow and finally retaliated by landing a blow on Schaefer's mouth, knocking him to the floor. The drug gist then telephoned for the patrol and upon its arrival Officer Dawson had the drunken man in charge. He was fined \$8 by the mayor.

John Hallahan was arrested for being found asleep at the switch near Thompson's pottery. He was fined \$2 and costs and released this morning. Two boys, Mike Hickey and Jack Hodley, were arrested for train jumping. They were each fined \$1 and costs.

Choice Residence Property For Sale or Rent.

The undersigned offers for sale the property on the corner of Second and Jackson streets, city. The lot is 100 feet front on Second street with a front on Jackson street of 82 feet.

The house is large and roomy, having 12 rooms, with bath room, modern laundry, pantries, cemented cellars, furnace heat, gas and electric lighting, water on three floors.

An interest in the Second street gas well goes with the property. The gas well affords abundant fuel and is worth \$150 a year for light and heat.

Sixty feet front with the house can be sold separately. Also 10 feet of vacant frontage, very desirable for building a nice home. The house will bear inspection and those who want a complete home are invited to call and examine. Price will be reasonable and terms to suit a purchaser. Inquire of

BARTENDER FINED

Forty And Costs for Selling to the Thirsty on a Sunday Afternoon.

Charles Parker, bartender at W. H. Thompson's saloon in Diamond street, pleaded guilty yesterday afternoon before Mayor Weaver to selling liquor in the room above the saloon on Sunday, June 21. He was fined \$40 and costs. It is said that the information upon which Parker was arrested was tendered by a young man by the name of Eisenhuth, who is posing as a detective.

The boy, it is alleged, went into the room where the liquor was being sold, took the names of the parties there and then ordered a drink for himself. He is under age and it is thought he intends to prefer a charge against Parker for selling to a minor.

EXCURSIONISTS GOING TO CINCINNATI

A Large Number of Local People Booked for a Trip to the Queen City.

River trips upon the palatial steamers of the Pittsburg and Cincinnati packet line are becoming very popular with the people of this and surrounding cities. These boats are in truth floating palaces and everything possible is provided for the comfort and convenience of the passengers.

When the steamer Keystone State reaches this city Monday evening on her return trip from Pittsburg she will be joined by at least 28 excursionists, who will make the trip to Cincinnati and return. Steward George Berridge will be in charge of the culinary department and with the aid of his competent chefs the excursionists can rest assured that they will fare like kings. The boat also carries an excellent orchestra and dancing will be permitted.

The following have purchased tickets for the trip: John Sellers and wife, Charles Webster and wife, William Miller and wife, Albert Allison and wife, Charles Faulk and wife, Thomas Buckley and wife, Miss McElravy, Miss Mary McCullough, Miss Arnold, Miss Hailey, Charles Jameson, Mr. Reynolds, Mr. Heddleston, George Kaufman, R. C. Simms, Harry Kratz and Mrs. Burner and two daughters.

The following have secured tickets for the round trip to Cincinnati on the steamer Queen City due down next Wednesday night: A. B. Murdock, wife and child, Misses Goldie, Jessie and Mayne Murdock, Mrs. Campman and two daughters, all of Wellsville, and Miss Louise Irwin, Dan O'Shea and mother and Mrs. Hayes, of this city.

NIGHT WATCHMAN AT CITY HALL

SAFETY BOARD RECOMMENDS SUCH AN OFFICER.

Calls Now Come in When There Is No One to Answer or Attend to Business.

As a result of the meeting of the board of public safety last evening, Mrs. Sarah Haight, who has acted as janitress of the city building for several years, will likely lose her job. The board has determined that the job be given to a man who should also act as night watchman at the building. It is figured that a man can be secured for about \$40 a month, and that the money will be well spent in providing for the position. The salary of the janitress is about \$13 per month, and she does nothing but sweep the hall.

A watchman at the city building has been a necessity of longstanding. Some one is needed there at every hour of the night. Telephone calls should be answered, the prisoners should be attended to at all times, and there are numerous reasons why one should be hired. It is seldom that a policeman is about the hall at night, it being their duty to patrol their beats, and in consequence many a call is sent into the station with no one there to answer it. A prisoner could get sick and die without the assistance of an officer. It was with the knowledge of these important facts that caused the board to take the matter into serious consideration. It was finally disposed of by the appointment of a committee to present the plan to council at its next regular meeting.

A committee of East End property owners appeared before the board and requested that two fire plugs be stationed on Maple street. They stated that from Virginia avenue to Boyce street the residences are absolutely without protection. Such are the conditions on Sunnyside and a committee composed of Dawson and Grafton was appointed to investigate.

An application for a position on the police force was received from David Arthur Grimm. It was filed. A number of bills were then read and approved and the board adjourned to meet again on next Thursday evening.

TEXAS VISITED BY CLOUDBURST

At Least Twenty Believed to Have Perished in the Flood—Railway Traffic Suspended.

San Antonio, Tex., July 3.—A cloudburst visited the southwestern section of Texas, causing the death of several persons and a heavy property loss. No accurate reports of the loss of life can be obtained, as the telegraph wires are down in the storm-swept section, but enough is known to warrant the belief that at least 20 people, mostly Mexican laborers and farm hands, perished in the flood.

At Beesville one Mexican was swept away. Near Mormana 10 Mexican farm hands are reported drowned and 12 more are said to have been drowned at Pettus.

The heaviest damage was sustained by the San Antonio and Arkansas Pass railroad. Several thousand feet of its track and one large bridge were swept away. Trains have been suspended in the affected district.

Salvationists to Invade Kentucky. Cleveland, July 3.—Salvation army officers from Cleveland, Pittsburg and Cincinnati will leave Huntington, W. Va., the latter part of August for a visit to the feud country in Kentucky. A month will be spent on the trip. The party will travel on horseback and wear khaki uniforms.

Catarrh of the Stomach. When the stomach is overloaded, when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. REALM OF SPORTS

KICKING VISITORS
LOST FIRST GAME

Fairbanks Fruitlessly Attempted
the Ball-Dozing Racket
On Locals.

UMPIRE REARK WAS ANGRY

He Threatened to Bench Yoedt And
Call the Game—It Was One of the
Prettiest Exhibitions of the Season
And a Pitchers' Battle.

By the score of 3 to 1, the Fairbanks of Allegheny, lost to the locals in West End park yesterday afternoon. It was a pretty game, about the prettiest of the season. There was just enough ginger in the sorrel top Pennsylvanians to make it almost thrillingly interesting at the very beginning. The visiting lads have made a reputation for winning a game either by superior playing or by bluff, and on the latter score they tried it in this contest, all to no avail, however. The locals had been against similar teams before and showed their antagonists that they woke up about four months ago.

With one of the fastest lineups that has been bunched this season the locals went into the game and they made a showing as the result. Notwithstanding that they fell down five times, getting that number of errors, they managed by a little luck and some of the greatest base running yet seen on local diamonds pulled through two lengths ahead of the quarter horse. They had heard of the visitors and had seen them play. They knew exactly what they were up against and it was with this knowledge that Capt. Reark and his eight underlings entered the field of battle. Like Trojans they started in to take the first game of the series of four to be played this week and their strenuous efforts availed them the coveted reward.

The crowd was not a representative one, due beyond a doubt to the miserable exhibitions of last week. The fans did not realize what kind of people Allegheny turns out and fearing another mess such as the Malleables, of Cleveland, they staid away. However, more than 200 paid admission and aggregating the dead heads of the box cars and the hill side there were probably 400 who saw the fine exhibition. In the first inning the locals went down without a hit and only four men up. In the second Brown started off with a pretty single and finally succeeded in scoring a run on a hit by Emmerling. Brown also caused the scoring of another run in the third and he pounded out a three-bagger and rushed Westlake over the goal after he had reached first on four balls.

During the next four innings the locals went out in one, two, three order with the exception of the fifth, when Wallace knocked a burner down to Stillwell. The latter fielded the ball clean and threw it as fast as the ordinary man could put them over, but Wallace ran so fast that he reached

INCURABLE.

That is What the Books Say of
Chronic Kidney Disease, But
the New Fulton Compounds
Have a Record of 87% of Recoveries
Among Chronic Cases Incurable
by All Other Medicines.

Druggists know that kidney disease has been hanging on for ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new compounds. One of the recoveries was Dr. Zelle himself, the "pioneer druggist of 522 Pacific street, San Francisco, and he gave it to a dozen others who recovered. Here is another interesting recovery. We copy from the "San Francisco News" of November 16, 1902:

"After a serious illness of over a year Judge J. B. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may ask me to write.'"

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Bright's Disease Compound, and Kidney Diseases, etc. \$1; for Diabetes, \$1.50. John J. Tortures of Death
From Headache.

Dr. Miles' Anti-Pain Pills
Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbing, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time."

—Mrs. M. E. Noble, Garfield, Wash.
"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills, I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."

—Mrs. Wm. F. McKelvey, Glensville, N.Y.
"Dr. Miles' Anti-Pain Pills grow in favor with me every day, when I use them I never have a headache once a week, sure, can say that I do not have any more at all. I never had anything cure me of sick headache before."—CLAUDE TUCKER, Wallace, N.Y.

first base three seconds before the ball.

In the eighth inning the feature of the game, an exciting one, too, occurred. The visitors were in the air over the gloomy prospects for winning the game and were ready to fight at the drop of the hat. Mason went down on an error by the pitcher, Yoedt. His thunderous play set him crazy. He called Umpire Happy Reark scores of vile names and declared he would not play any more unless a new umpire was secured. It was then time for the umpire to get a hump on himself and maybe he didn't do it. He showed more spunk than has been seen this year. In bold words he ordered the pitcher from the field and would have insisted on his going but for the interference of his brother, Captain Chick. The dispute was finally settled and the pitcher remained but it was only a minute until it was renewed. Wallace stepped up and bunted a hit and while Yoedt was playing ping pong with the ball Mason accepted the opportunity and ran home. He got there about a minute before the ball and a howl immediately ensued. The visiting bunch claimed they were being robbed and only ceased in their howls when the umpire ran for a watch to place a time on the interim.

A three-bagger and an error gave the kickers their only run. It was made in the second inning. Gitzen pounded out the hit and when Lippert sent one down to Gibson, the usually star player, fumbled it and allowed them the score. Several times after that they had elegant chances to score but Old Morg would not stand for it. The score:

INTERESTING GAME
AT ROCK SPRINGS PARK

The Marines Won From the Shamrocks After a Hard Contest and Jumped to Fourth Place.

One of the warmest games yet played by teams of the Crocker City league was the one pulled off at Rock Springs park yesterday afternoon by the Marines and Shamrocks. The score alone evidences the fact and

though the hits and errors could have been less, the contest was thrilling throughout. Millwood, of the Shamrocks, was struck in the stomach by a ball in the last inning and severely hurt. He will soon recover, however. The score:

Women as Well as Men
Are Made Miserable by
Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is wetted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling Home of Swamp-Root, all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it scurries it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

WELLSVILLE A GREAT FOURTH IN WELLSVILLE

Everything in Readiness for a Big Celebration of Independence Day.

Everything is in readiness for the Fourth of July celebration here and the most imposing street parade and pageant ever seen in Wellsville will start promptly at 9 o'clock in the morning from the public square.

The parade will be over a mile in length, five bands and three drum corps having been engaged to enthrall the crowd.

A 100-foot American flag will be sent up half a mile over city hall at 8 o'clock in the morning by means of a dozen box kites built expressly for the purpose. Cannon will boom at regular intervals from daylight till dark and \$500 worth of fire works will be sent up at 8 o'clock in the evening from a big barge in the middle of the river. There will be two games of base ball and a lengthy program of interesting sports. Handsome prizes have been offered to the winners.

An official call has been made for the residents to decorate their homes in an appropriate manner and thousands of flags and yards of bunting have been purchased for that purpose. Fair weather is now all that is needed to put Wellsville in a position to do herself proud on the Fourth.

CITIZENS TAKE A HAND IN CLEANING STREETS

Wellsville Has a Volunteer Street Cleaning Department Vigorously at Work.

Council having refused to make an appropriation for cleaning the streets for the Fourth, leading citizens have taken upon themselves the task of doing so, and it is quite the thing now to be one in a gang of aristocratic street cleaners. People are taking to the work with a will and by this evening the paved streets will be in better condition than they have for years.

Judge P. M. Smith, Dr. A. L. Robinson, Councilman C. V. Shoub, Mike Shingler, R. A. Harsha and Julius Goetz were in command of the Main street "white wings" yesterday and by their skillful manipulation of brooms and shovels quite a stretch of street was cleaned.

Former Pastor Here

Rev. W. H. Gamertsfelder, of Ashland, will spend the Fourth here and on Sunday he will preach at the First Evangelical church, of which he is a former popular pastor. While here in 1899 Rev. Gamertsfelder founded Bethel Mission.

NOVEL BUSINESS TO BE STARTED

A Ten-Cent Livery Barn for the Accommodation of Farmers.

Salem, July 3.—A genuine novelty and a long felt want will be introduced in this city in the way of a 10-cent livery barn. The barn will be located on Sugar Tree alley, North Lundy and East Green street.

A short time ago S. P. Cornell and wife purchased the property at the above location from Mrs. B. A. McCalka. People have wondered what was the idea of the Cornells in purchasing the property, and this announcement fully explains the matter. The main building and office will be located on Sugar Tree alley and North Lundy street. It will be 30x60 feet. It will be surrounded at the present time with 50 sheds. Later on it is the intention to erect 50 more sheds so as to handle all the trade possible. The sheds will furnish the strictest privacy, being 8 feet wide and 20 feet long. Each will allow room for a horse and buggy. The doors of the sheds will be locked for the safety of rigs and any valuables which may be placed in them. The price will be 10 cents for one hitch. Of course if the animal is left for six or seven hours feed will be given and an extra charge made.

This barn will be a great convenience for farmers and others from surrounding towns, who desire to have a place for protection of the weather to put their rigs.

ZIMMERMAN UNDECIDED

Will Consult His Friends Before Announcing Whether He Will Run for Governor.

Youngstown, July 3.—Hon. John L. Zimmerman, of Springfield, has not yet reached a definite decision with reference to his being a candidate for governor on the Democratic ticket. Accompanying his children, Mr. Zimmerman arrived in the city yesterday on his way to visit his old home at Mill village, this county. Regarding his candidacy for the gubernatorial nomination Mr. Zimmerman said:

"My friends in different parts of the state have been urging me to come out for the nomination for some months, and have given me assurance of active support. Some of them have gone so far as to declare that I would go before the convention as a candidate and command strength to capture the honor. This announcement and claim is made without authority from me. I have not reached a decision in the matter, and cannot say now whether or not I will be a candidate. As far as I have investigated the conditions seem favorable and encouraging, but I prefer to consult certain of my friends, whom I have not yet seen, before making a definite announcement as to my intentions."

Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one? Who is the foolish one?

We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are Waiting to hear from you.

THE CITY JAIL TERRIBLY BAD

President Grafton Declares It Would Be a Disgrace to Barbarians.

CELLS NOT FIT FOR HOGS

Board of Public Safety Will Take Immediate Steps to Work a Change for the Better—Inspection Early Next Week.

A commendable step was taken by the board of public safety last evening, when by a unanimous vote, the board was appointed as a committee to confer with Mayor Weaver and Chief Wyman, the committee to have full power to act, on the improving of the sanitary and other conditions now existing at city hall. The members of the board present were very enthusiastic over an improvement, and it was decided to alter the conditions at once. The conference and inspection will be held early next week, or possibly prior to that time.

President Grafton of the board expressed himself more forcibly than the others on the matter. Exerting his oratorical powers to the utmost his words had the desired effect. He said: "It is our business to attend to this city hall. It is not necessary for us to ask council for its sanction. The members of that body have made the board of public service lay down, but we cannot be compelled to in this instance. We not only have the authority to act, but I think we should do so immediately. The cells and closets around the hall are in a most deplorable condition. When I investigated the conditions a few days ago I was reminded of Darkest Russia. It is a shame that our prisoners are subjected to such quarters.

"The cells are really not fit for hogs. The floor is filthy, a prisoner has no place to lie and nothing but a spittoon upon which he can rest his head. I tell you the conditions are horrible and awful. It is barbarous for us to allow it. In most cases men confined in the cells are those who have indiscreetly taken on too much whisky. They are not hardened criminals and they most certainly should not be treated as they are.

"The picture upon entering the jail corridor reminds one of ancient Rome, when prisoners were placed on the torture stool. For the sake of common decency and in the name of humanity I urge that something be done. We are farther back than the residents of Calcutta, who would not allow such conditions."

After this enthusiastic speech the other two members discussed the question at length, and it was finally decided to act.

COOPER THANKED BY A WOMAN

Who Has Been Sick For Many Years.

MANY DOCTORS KNOW HER

They Said She Could Not Live—She is Getting Better—Thanks to Cooper.

Cooper obtained an unsolicited testimonial last night, the case being one of long standing and with which a majority of the physicians of East Liverpool are acquainted. It was that of Mrs. Smith, 269 Eighth street, who for years has been sick with Bright's disease of the kidneys. Physicians said they could do nothing for her and that her death was only a matter of a very short time. Mrs. Parker, who lives in half of the same house, bought a bottle of Dr. Cooper's New Discovery three days ago and gave it to Mrs. Smith. That lady is now better than she has been for years and is on the rapid road to recovery. Mrs. Parker was at Cooper's show last night to get another bottle. Such testimonials as these are hard to refute and stand out bright and shining for the power of the great king of all blood purifiers. It clears the entire system and makes new bodies.

There will be another free show and concert tonight. Everything free and everybody invited. Salesrooms open every day at 301 Lincoln avenue.

A PARTY OF CAMPERS-OUT AT I. N. CRABLE'S COTTAGE AWOKE FLAME-SURROUNDED

Narrowly Escaped Being Cremated—Building and Contents Destroyed Including \$144 in Cash.

The summer cottage owned by I. N. Crable, located on the creek near Fredericktown, was totally destroyed by fire at 11:05 last night, and several inmates of the building had narrow escapes from a horrible death in the flames.

James Wedgwood, James Parker and son James, Russell Crable and William Wedgwood had been the only occupants of the cottage for several days, and the origin of the fire is a complete mystery.

The party had been fishing and hunting during their stay, and last evening all retired early and were sound asleep when the fire broke out. Parker, his son, and Russell Crable, son of the owner of the cottage, were asleep in the second story of the building and some difficulty was found in arousing them after the fire started. The structure was built of pine, and not having been finished inside was so dry that it burned like tinder. No time was allowed for the men inside of the house to dress, and they had barely time to rush to the open when the flames burst out all over the building. They were compelled to leave all

their outer garments behind, escaping with only such of their clothing as they were to sleep in.

Two valuable bird dogs, the property of Mr. Crable, were left behind in the excitement and it required quick action on the part of the men to rescue them. The dog known as Bees was rescued first, but when it became known that Dick was also inside, the men were compelled to kick in a door in order to get him out. Aside from the two dogs, not a single article was saved. In addition to the furnishings several valuable shot guns and other arms were left behind.

James Wedgwood had been sleeping on the lower floor and his coat and vest were hanging on the nail near the bed. In the excitement and bustle attending the speedy exit from the burning building these articles were forgotten. In one of the pockets had been deposited \$144 in greenbacks, and this was destroyed with the cottage. Mr. Wedgwood is a well known potter of the city, and the loss of the money will be sorely felt by him.

Mr. Crable has not placed an estimate upon his loss, but it will probably reach several hundred dollars.

A Torpedo as a Gift.
Lisbon, July 3.—(Special)—Dr. J. N. Calhoun, of Lisbon, has presented to Starr Post, G. A. R., of this city, a torpedo weighing 450 pounds which was captured somewhere in Missouri during the civil war. The torpedo arrived in the city yesterday and will be placed with the cannon on the soldiers' lot in the cemetery.

RAILS ARRIVE FOR NEW ROAD

A MILE OF THE LITTLE BEAVER LINE READY FOR TRACKS.

Enough Rails on Hand for Extension of Four Miles Toward Lisbon.

That another one of the many railroads projected to connect East Liverpool with surrounding country is to become a reality is to be given further credence since the arrival in the city of 14 carloads of 80-pound "T" rails. The cars were set in a few days ago on a switch at the foot of Broadway and are now being unloaded by men in the employ of L. W. Healy. The rails, Mr. Healy stated this morning, are to be used on the proposed line from the east end of the city up the Little Beaver.

The work of grading this line has been in progress more than a month, and the first section, about one mile in length, is now ready for the placing of the track. The tracklayers will be put to work some time during this month. In the meantime the work of grading will be continued, and it is expected to complete at least four miles of the roadbed before the coming of cold weather.

The shipment of rails now on hand is sufficient to construct at least four miles of track, and Mr. Healy states that this will also be accomplished before winter. The rails are the heaviest and best made for street car purposes and are an indication that the new road will be first-class in every particular.

Mr. Healy is the chief promoter of the enterprise and associated with him are several Scranton (Pa.) capitalists.

ORDERED MEDICINE AND COT LIQUOR

Purchaser Would Not Pay for the Goods in a Prohibition Township.

Lisbon, July 3.—(Special)—The case of the Beggs Manufacturing company, of Chicago, vs. J. C. Lewis, of Kensington, came up today on an appeal from the court of Justice Joel Winder, of Hanover township. The plaintiff company alleges that August 6, 1902, the defendant bought of it a bill of goods valued at \$36.85 which he agreed to pay for in 90 days. The bill has not been paid and the company asks judgment for the amount with interest.

Mr. Lewis says the goods he was alleged to have purchased were bought as medicine, but consisted largely of intoxicating liquors which he could not sell at his place of business in a prohibition township.

Suit Is Appealed.

Lisbon, July 3.—(Special)—The case of Robert G. Edils versus Sylvanus Farmer has been appealed from the court of Justice C. F. Lease, Salem. The plaintiff sued for \$25 commission for the sale of a farm and got judgment in the justice's court for the amount.

A TEMPORARY INJUNCTION GRANTED BY JUDGE HOLE

C. A. Smith Restrained From Further Work On the East End Line Until Court Decides the Issue.

Lisbon, July 3.—(Special)—A temporary injunction was granted by the court this afternoon in the case of Monroe Patterson versus the city of East Liverpool, in which the plaintiff seeks to stop the construction of another street car line in East Liverpool by C. A. Smith. The injunction becomes effective immediately on the filing of a bond of \$5,000 by the plaintiff to indemnify for possible loss the defendant, C. A. Smith, who is building the line. On motion of the plaintiff the case was set for trial on a week from Monday.

GOV. NASH FINDS TASK DIFFICULT

Nearly Driven Crazy by the Work of Selecting Public Safety Boards.

VERY MUCH RELIEVED

Now That the Greater Part of the Job is Accomplished—Visit From General Dick—Smallpox Cases in Columbiana County.

From a Staff Correspondent.

Columbus, July 3.—Governor Nash yesterday afternoon announced the appointment of boards of safety for seven cities. All day long the appointments were eagerly anticipated, and when announced there was a sigh of relief that the suspense was over. The cities for which boards were appointed follow: Toledo, Hamilton, Middletown, Findlay, Fostoria, Painesville and Warren. None was more relieved than the governor himself, when the appointments were gotten out of the way. For some days he has done almost nothing but listen to the complaints and importunities of the politicians who wanted boards to suit themselves appointed and their persistence well high distracted the governor. After a long conference, yesterday morning with a millionaire brewer of Hamilton, who was interested in a board for that city, left his private office and approaching a coterie of newspaper men, asked:

"Where is the fellow who said last year in Ohio? I want to find him and crack him on the head. Why, here I have only nine boards to appoint, and it is nearly driving me crazy. Where should I be if I had the boards to fill in the 71 cities of the state?"

Governor Nash will shortly take a vacation. Next week he will attend the annual meeting of the state bar association at Put-in-Bay and spend some time at the resort, after which he will seek rest at other lake points and take water trips. In August, he will accompany the National Guard to Newark and remain through the entire encampment. A division encampment will be held this year, all the troops being mobilized. Brigade encampments were held last year. The guard is divided into two brigades.

The state board of health has been notified that there are two cases of smallpox in West township, Columbiana county, and one case in Wellsburg, of Salineville, was divorced from William McGilivray on the grounds of habitual drunkenness, extreme cruelty and failure to provide. The woman is given custody of four children. They were married February 25, 1886. Anna M. Burt, of East Palestine, was granted separation from W. J. Burt and was given custody of their seven-year-old son, and \$750 alimony. They were married February 22, 1891, in Allegheny, and two children born to them are dead. The plaintiff set up four reasons for seeking separation. Unfaithfulness on the part of the husband had caused them to separate twice. She was compelled to support herself when her husband was unable to do so. On several occasions he had been guilty of unfaithfulness.

James Hughes, of the state treasury, has received notice of his selection as one of the six delegates which will represent Quaker City Erie, No. 316, of Salem, at the first state convention of the Fraternal Order of Eagles, to be held in Columbus July 21 to 23, inclusive. In the neighborhood of 5,000 members are expected to be present. It will be one of the big events of the season.

General Dick was here yesterday conferring with the governor on policy.

cal and military matters. He said Republican state headquarters would be opened next week and that the state campaign opening would be held about the middle of September, but did not state what place would get the meeting. He does not think Johnson wants the Democratic nomination for governor, but thought that if the party insisted upon his nomination he could hardly do otherwise than accept.

A DECISION OF IMPORTANCE

SUNDAY CLEANING EXCUSE DOES NOT GO WITH COURT.

Judge Holds That It Is Not a Valid Reason for Keeping Saloons Open.

Lisbon, July 3.—(Special)—The verdict the other day in the case of Ohio vs. Thomas and Michael Cloran and Charles Waggle, of East Liverpool, in which the jury held the trio guilty of keeping Cloran's saloon open on Sunday, is one of far-reaching importance throughout the county, as well as in East Liverpool, establishing as it does a precedent in the matter of enforcing the Sunday closing laws. In this instance the three accused had been in the saloon from 6:30 to 10:30 on Sunday morning for the alleged purpose of "cleaning up," an excuse often offered in such cases. Prosecutor Brooks took the position that saloonists cannot create conditions in their places of business which will make it necessary to keep open on Sunday to clean up.

Judge Hole sustained this position, instructing the jury that while an emergency might sometimes exist that would serve as an excuse for a saloonkeeper to open his place temporarily on Sunday, the emergency must not be of his own creating and he must conduct his business so that no occasion will arise for opening on Sunday for any business purpose, such as cleaning out, etc.

This was the position taken by Mayor Weaver, of East Liverpool, and the court here has sustained it. The mayor held that the cleaning out privilege was abused by the saloonkeepers and used as an occasion for illegal sales on Sunday.

TWO MORE DIVORCES HAVE BEEN GRANTED

Salineville and East Palestine Wives Freed From Matrimonial Ties.

Lisbon, July 3.—(Special)—The present term of court has been noteworthy for divorces. Rosetta McGilivray, of Salineville, was divorced from William McGilivray on the grounds of habitual drunkenness, extreme cruelty and failure to provide. The woman is given custody of four children. They were married February 25, 1886. Anna M. Burt, of East Palestine, was granted separation from W. J. Burt and was given custody of their seven-year-old son, and \$750 alimony. They were married February 22, 1891, in Allegheny, and two children born to them are dead. The plaintiff set up four reasons for seeking separation. Unfaithfulness on the part of the husband had caused them to separate twice. She was compelled to support herself when her husband was unable to do so. On several occasions he had been guilty of unfaithfulness.

H. C. Hallam Makes a Serious Charge Against John Rinehart.

H. C. Hallam, who with a prominent young lady of this city, was thrown from a buggy in a runaway, near Calcutta last Sunday, the particulars of which appeared in the News Review, stated today that he would sue John Rinehart, from whom he hired the rig for damages on two accounts. He alleges that the liverman is liable because the harness was weak and that the young lady's injuries were the result of the unsafe breeching. Hallam also alleges that Rinehart forced him to pay \$15 at the point of a hatchet. He says Rinehart raised a hatchet over his head and threatened to brain him if he did not produce.

SAFETY BOARD WILL BOOST THE PLAN OF MAYOR WEAVER TO MAKE PRISONERS WORK

The Scheme Regarded With Favor and Likely to Be Profitable For the City.

The board of public safety means to assist Mayor Weaver in carrying out his determination to work prisoners who have no money with which to pay their fines. At the regular meeting held last evening Clerk Huntsman notified the board of the mayor's request, that it recommend to the board of public service the importance of the plan and that the boards unite to make it effective. Two members, Grafton and Ogilvie, were appointed a committee to meet with the board of public service next Monday evening.

Following the exclusive publication in the News Review of the mayor's plan to apply the ordinance governing the sentence of penitentiary prisoners, the question was taken up by everyone interested in the running of the municipality and up to the present time there have been no objections raised. It will undoubtedly be a profitable scheme for the city, and as the financial situation is apparently beyond repair during the present year the move on the part of the mayor will meet with nothing but satisfaction. There are many days when the street commissioner does not have more than a

half dozen men working on the streets. And there are as many days when that many men could be furnished from the city jail. For men that are hired to do the work \$1.50 per day is paid. A man working out a fine must work at the rate of 75 cents and the only expense attached is his feed.

The ordinance under which the plan will be worked reads as follows:

"Whenever a fine is imposed for the violation of any ordinance, section or part of a section of any ordinance of the city and the same is not paid the mayor shall order the person committed until such fine and the costs of prosecution are paid, or until the person is otherwise discharged by due process of law; provided that after commitment for 24 hours and failure to pay such fine and costs the mayor may order such person to be placed at work on the street or any public improvement of the city, under the direction and control of the marshal, street commissioner or other city official, there to be kept at hard labor until, at the rate of 75 cents per day, said person shall have earned an amount equal to such fine and costs."

JUSTICE M'LANE A BUSY MAN

Three Cases, One of Peculiar Interest, Occupy the Attention of His Court.

A GOOD SAMARITAN SUES

'Squire Daniel McLane is about the busiest man in the city. Since 6 o'clock last evening he has had three important cases under his jurisdiction, and though they were all stubborn ones the genial judge disposed of them with dispatch and satisfaction to the plaintiffs in each case.

The first case was that of Rebecca McKnight against Edgar Heddlston. This case, it will be remembered, came up for trial in the court of 'Squire McCarron about six weeks ago and was dismissed, the plaintiff contradicting herself in testimony rendered. She had him arrested, alleging that he was the father of her child. James McGarry was the defendant's attorney and was angered because the plaintiff would not accept \$100 and call the case off. Erastus Marshall, attorney for the plaintiff, resented some words spoken by McGarry and trouble was narrowly averted. A few minutes after the dismissal of the case in the court of 'Squire McCarron, Attorney Marshall went to the office of 'Squire McLane and filed a like charge against Heddlston. The warrant was placed in the hands of Constable Powell, but Heddlston learned of the new feature in the case and left. Until last evening he was not found. His attorney appeared before the 'squire and settled the case, the defendant agreeing to pay a certain sum of money and to allow other considerations.

The second case was the arrest of Grover Tasker, who was charged with jumping a board bill. He was rooming with the family of L. C. Farnsworth on College street, and when his bill reached \$13 he skipped out. He did not return to the city until yesterday. Upon his arrival he was arrested by Constable Powell, and being unable to settle he was remanded to jail for the night. This morning he promised to pay the bill as soon as possible and 'Squire McLane let him go.

The last case was one, the like of which probably was never known before in local courts. Ernest Seel was the defendant and B. F. Peters the plaintiff. The latter sued Seel for \$20, which amount he furnished for a good Samaritan act. He gave the money to Seel to help him pay a fine of \$20 and costs for stealing junk in Wellsburg. Seel was remanded to the county jail and upon appealing to Peters for the money to pay the fine the latter was

MRS. CASSIDY IS AFTER DIVORCE

East Liverpool Woman Finds Marriage a Failure After Nearly 20 Years.

Lisbon, July 3.—(Special)—Margaret Cassidy, of East Liverpool, has sued for divorce from Mitchell Cassidy. They were married August 18, 1884, and have no children. She charges drunkenness and extreme cruelty and alleges that her husband owns a nine-room house on Avondale street, East Liverpool, and earns \$40 to \$50 each two weeks, which, she thinks, entitles her both to temporary and permanent alimony.

The court is asked to enjoin the husband from disposing of the property. Smith & Lones for the plaintiff and Brooks & Thompson for the defendant are the attorneys.

FOR CONSPIRACY TO ROB MAELS

THE BILL DISPUTED

County Commissioners Refuse to Pay Ex-Treasurer Smith's \$496 Claim.

Lisbon, July 3.—(Special)—The case of Charles E. Smith, ex-county treasurer, against the county commissioners, was presented to the court today. Mr. Smith put in a bill of \$496.11 some time ago, represented to be the 5 per cent due him on certain omitted taxes. The commissioners refused to pay the bill on the ground that he was not entitled to it under the law.

A ship canal to give Glasgow a direct outlet to the North sea is to be built at a cost of \$50,000,000. Originally the river Clyde at Glasgow was a shallow stream, obstructed by mud banks, but enterprise and sound engineering have made the city one of the most important seaports in Europe. The new canal, deep enough for ships of any size, will connect the Clyde with the Firth of Forth, on the east coast of Scotland. If Scotland, with its comparatively limited wealth and population, is able to undertake and carry out such an enterprise and make it pay—and you can trust Scotchmen not to undertake anything that is unprofitable—what excuse is there for the United States delaying the improvement of the Ohio river, a stream that has a commerce to carry beside which that of the Clyde is insignificant?

Congressman Cannon has discovered and exposed to the president an alleged organized effort on the part of the big corporations to secure a modification of the Sherman anti-trust law at the next session of congress. The trusts evidently don't share the popular notion that the law is no good.

The big corporations centering in New York on July 1 began sending out checks which will total \$137,000,000, representing dividends and interest for the past six months. Not alone in New York, but in other big cities, has the best financial record ever previously made been surpassed.

Ex-Secretary of the Treasury Charles S. Fairchild says: "I don't believe there is the least doubt about Roosevelt's re-election." Here is one Democratic political prophet who talks sense.

The Fourth of July celebration at Mr. Bryan's home will be personally conducted and it is quite probable that the Kansas City platform will be unanimously re-affirmed.

There are snow storms in Montana and a temperature only about half as high as prevails along the banks of the Ohio. A breeze from the west is anxiously awaited.

The postal deficit increased nearly \$3,000,000 last year, but most of the money went into new rural free delivery routes, where it certainly was not wasted.

It's a mighty poor sort of a citizen who can find no better way of celebrating than to get drunk on the Fourth.

The American eagle is warranted in screaming loudly tomorrow. There is prosperity and work at good wages

Tooth Brush Economy

We have tooth brushes for ten cents that are sold for double the price in some places. Extra good ones for fifteen cents, splendid values for the money, but we do not urge the sale of any of these because real downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

First, your teeth are worthy of the best brush made. The better the brush the more perfect its work.

Second, the higher grade brushes are guaranteed to give long and perfect service.

Cataract Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for many years and is a regular prescription. It is composed of the best known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for testimonials, free.

THE KING OF ALL ADVERTISING MEDIUMS

Unquestionably it is the Evening Daily Newspaper, Says an Expert Authority.

As never before, general advertisers are now alive to the power and value of the daily newspaper as an advertising medium. During the last few years many leading advertisers have left the magazines almost entirely, for the medium of greatest frequency of publication and of most thoroughness in its reaching of all the people. It is significant, but not singular, that the advertisers who market products for home consumption were the ones who first broke ranks, and began heavier use of the agency that has abundantly proved its superior effectiveness—the daily newspaper.

As a result, the advertising patronage of magazines has markedly decreased, with more than corresponding increase in the employment of the daily newspaper, says an advertising expert. It is commonly reported that a prominent magazine publisher, realizing that the most approved advertising medium of the future must be the daily newspaper, has organized a gigantic combine to control a number of dailies in the principal cities of the United States.

Analyzing still farther, and going to the logical and ultimate conclusion from premises that cannot be disputed, it is certain that the best daily newspaper is the afternoon paper. Authorities of high standing and greatest success among the leading advertisers of the United States agree that approximately seven-eighths of the supplies and furnishings purchased for consumption in the home are bought by the feminine head of the family—and obviously inseparable from this fact is the axiom that the daily newspaper that goes to and finds a welcome place in the home is manifestly the most effective medium. The most successful advertisers eloquently express their conviction on this point by spending the bulk of their appropriation in the afternoon newspaper—which is not read alone by the member of the family who, as a rule, does little shopping excepting for his own personal requirements, nor hastily read and then thrown aside, with only in rare cases so much as a glance over the advertisements. The policy of these large advertisers is explained by the fact that they find the afternoon paper produces better results than does the morning paper, for it goes into the hands of those most responsive to their announcements, and who, moreover, have a keen and constant interest in the publicity that appeals to the home and the family.

RIC DEMOLISHED

And the Man Who Drove It Got the Worst Scare of His Life.

Louie Kappi had a thrilling experience on Carolina avenue at about 8 o'clock last evening, and though he was not badly hurt, was frightened nearly out of his wits and the buggy in which he rode was smashed to pieces.

Kappi is a baker and is employed in the Nick Cenally bakery. Last evening he was sent to deliver a large cake to some patron in the upper part of town, and hitched up a buggy intending to ride. When he turned onto Carolina avenue from Third street the horse became frightened at an automobile, and in spite of the efforts of the baker to prevent it, ran down that thoroughfare at the top of its speed.

The driver was game and clung to the lines, but the horse had the bit in its teeth and paid no attention to the frantic tugs at the reins. The animal kept to the road until it neared the old entrance to the park, when it turned off the street and ran onto a vacant lot, colliding with a telephone pole as it did so. Kappi was thrown out, sustaining several severe bruises, while the rig was completely demolished. The horse was stopped by bystanders and unhitched from the dilapidated buggy, while others looked after the injured man. An examination showed that no bones were broken and that his hurts were not serious. The large cake which the driver had placed carefully in the bed of the buggy was reduced to crumbs.

SAM WEST IS FREE

Jury Disagreed And the Case Against Him Will Likely Be Dropped.

Sam West, accused of putting a bullet into Marsh Coulter's body at New Cumberland on March 29, is a free man and it is not likely that he will ever have to face the charge of shooting Hobbs, who betrayed his confidence and associated with his wife, now in the Canton workhouse.

Public sentiment, favored West, as did also a jury, which was kept locked up for 25 hours and then refused to agree on a verdict, but instead reported a disagreement.

The witnesses put both Hobbs and Bladie West in a very bad light, and after the jury considered all these things 19 members wanted to acquit the husband, but two members thought he should receive some punishment. The two members held out until Wednesday noon when the jury was called into the court room and discharged and the case left over until a future date.

AGED MAN DEAD

Lived to the Age of 103, Never Knowing a Day's Illness Until the Last.

Freeman Coulter, the oldest man in the Pan Handle and probably the oldest man in the state, died on his farm near Woodland this week, aged 103 years.

Mr. Coulter, who was known to many people in Chester, was a man of remarkable vitality. He worked on his farm almost up to the day of his death. All through his long pilgrimage he was never known to be sick until the last six months of his life, and was always a hearty eater and a good worker. He retained his mind and eye sight until the end. He never wore glasses in his life.

Mr. Coulter was born in Greene county, Pa., a land that is noted as the nursery of remarkable men. He lived for some years in the state of Ohio, but has been a resident of West Virginia for a long number of years. He was twice married and was the father of fourteen children. His second wife survives him.

EXCITING RUNAWAY

Occurred in Chester And Young Cassius Fowler Came Near Being Killed.

An exciting and disastrous runaway occurred on Second street, Chester, at noon in which the driver of the team came near being killed.

Cassius Fowler, son of one of the proprietors of the Chester Hardware store, was driving the delivery wagon to which was hitched a team of spirited horses. He had left the store only a few minutes before the accident for the upper end of town. Approaching the Second street bridge the horses became frightened at Homer J. Taylor's automobile coming directly toward them 100 yards away.

The fractious horses became unmanageable in an instant and turning directly about dragged the wagon over the curbings. The front wheels became fastened under the bed of the wagon in spite of the attempt of young Fowler to loosen them, remained fast. Instead of jumping to save himself the driver remained in his seat until thrown in front of the wagon, where he ran and was carried together for a distance of 15 yards. Bystanders were sure he would be killed, as he alighted between the traces, directly behind one of the flying horses. By a supreme effort Fowler succeeded in throwing himself clear of the harness, and Solicitor George D. Ingram and Mayor Mercer, who had by this time reached the scene, brought the horses to a standstill. Not, however, until the wagon had been overturned, alighting upon one of the horses, which had fallen. Some difficulty was encountered in extricating the fallen horses from under the wagon and disentangling them from the harness.

Young Fowler was badly bruised and his clothes were torn. The tongue of the wagon was broken entirely off near the front axle and it was damaged in other ways.

WELL KEPT SECRET

Fact Just Announced of a Popular Couple's Marriage Months Ago.

The announcement was made this morning that George R., better known as Dick Johnston, son of Councilman E. S. Johnston, and Miss Julia C. Connors, both of Chester, were married several months ago, and have guarded the secret well. The announcement came as a complete surprise to their many friends, and though the congratulations being showered upon them today are a trifle tardy, they are none the less sincere.

The bride is one of the best known young ladies in Chester, being a daughter of Mrs. Mary Connors, of Carolina avenue. Mr. Johnston is employed as a bookman at the Union pottery in East Liverpool. The couple will go to housekeeping next week in Chester.

Interested in Good Roads.

Special rates have been secured on all railroads for the good roads convention at Morgantown July 10 and 11, and the attendance promises to be very large. In conversation with a News Review reporter yesterday, J. M. Hunter, residing south of Chester, said he expected to make the trip, and several others from Hancock county are making preparations to attend. Mr. Hunter is a farmer and has been interested in the good roads movement for several years. It is possible the convention will be instrumental in arousing the residents of Hancock county and that improvements may be made to the county roads within a few years.

Slander Suit Not Settled.

The case of Amor S. Cooper vs. J. R. Scott, which was up for trial at New Cumberland yesterday, is as far from a settlement as before. The jury failed to agree, and the case will go over to the September term of court. The suit was brought by Cooper to recover \$10,000 damages for slander, and has attracted a great deal of attention all over the county, where both men are well known.

CHESTER NOTES.

Justice Johnston was at Georgetown yesterday.

The tin mill will shut down tonight for one day.

Miss Ella Smith is recovering after a brief illness.

Edward McCullough is visiting friends in Beaver Falls.

Mrs. Joseph Mitchell, of Pittsburgh, is the guest of Mr. and Mrs. S. J. Corson.

Miss Dollie Jackson, from Congo, is the guest of Miss Annie Cunningham, in Chester.

A pleasant time was spent yesterday afternoon by a number of friends at the home of Mrs. Richard Banfield, on Carolina avenue.

While at work in the Chester tin mill yesterday Orle Jackson received a bad cut on the palm of his right hand. The wound is a painful one and will lay him up for several days.

The meeting of the official board of the Presbyterian church, to have been held tonight, has been postponed until next Monday evening. The postponement was necessary in order to allow certain of the contractors some more time to go over the specifications before submitting bids for the construction of the new church edifice.

DRUNKEN GIRL

PLACED IN JAIL.

Made a Disgraceful Spectacle of Herself—Other Disorderly Characters.

A number of drunks were picked up by the police yesterday. One of them, a pretty girl of 19 years, known by the name of Nellie Daugherty, presented a heart rending scene at the city hall. That a girl of her personal appearance should be so low and degraded appealed to everyone that saw her. She swore like a trooper when arrested and after being confined in the women's department continued her tirade without any apparent respect for herself or for any of her connections. After lying on the iron bed for an hour or more she became calmed and went to sleep. A few hours later some friends came to her rescue and she was taken to her home.

Samuel Schaefer, a resident of Pleasant Heights, and a saggermaker by trade, got all that was coming to him when he entered the drug store of C. G. Anderson in the Diamond and insulted the proprietor. He first asked Anderson for 50 cents. Anderson replied that he had no money to give away and Schaefer became very much angered, commencing to call the drug gist all kinds of vile names. Mr. Anderson stood it as long as his temper would allow and finally retaliated by landing a blow on Schaefer's mouth, knocking him to the floor. The drug gist then telephoned for the patrol and upon its arrival Officer Dawson had the drunken man in charge. He was fined \$8 by the mayor.

John Hallahan was arrested for being found asleep at the switch near Thompson's pottery. He was fined \$2 and costs and released this morning.

Two boys, Mike Hickey and Jack Hodley, were arrested for train jumping. They were each fined \$1 and costs.

Choice Residence Property For Sale or Rent.

EXCURSIONISTS GOING TO CINCINNATI

A Large Number of Local People Booked for a Trip to the Queen City.

River trips into the palatial packet line are becoming very popular with the people of this and surrounding cities. These boats are in truth floating palaces and everything possible is provided for the comfort and convenience of the passengers.

When the steamer Keystone State reaches this city Monday evening on her return from Pittsburgh she will be joined by at least 28 excursionists, who will make the trip to Cincinnati and return. Steward George Berridge will be in charge of the culinary department and with the aid of his competent chefs the excursionists can rest assured that they will fare like kings. The boat also carries an excellent orchestra and dancing will be permitted.

The following have purchased tickets for the trip: John Sellers and wife, Charles Webster and wife, William Miller and wife, Albert Allison and wife, Charles Faulk and wife, Thomas Buckley and wife, Miss McElravy, Miss Mary McCullough, Miss Arnold, Miss Haley, Charles Jameson, Mr. Reynolds, Mr. Heddleston, George Kaufman, B. C. Simms, Harry Kratz and Mrs. Bursner and two daughters.

The following have secured tickets for the round trip to Cincinnati on the steamer Queen City due down next Wednesday night: A. B. BARTENDER FINED

Forty And Costs for Selling to the Thirsty on a Sunday Afternoon.

Charles Parker, bartender at W. H. Thompson's saloon in Diamond street, pleaded guilty yesterday afternoon before Mayor Weaver to selling liquor in the room above the saloon on Sunday, June 21. He was fined \$40 and costs. It is said that the information upon which Parker was arrested was tendered by a young man by the name of Eisenhuth, who is posing as a detective.

The boy, it is alleged, went into the room where the liquor was being sold, took the names of the parties there and then ordered a drink for himself. He is under age and it is thought he intends to prefer a charge against Parker for selling to a minor.

NIGHT WATCHMAN AT CITY HALL

SAFETY BOARD RECOMMENDS SUCH AN OFFICER.

Calls Now Come in When There Is No One to Answer or Attend to Business.

As a result of the meeting of the board of public safety last evening, Mrs. Sarah Haught, who has acted as janitress of the city building for several years, will likely lose her job. The board has determined that the job be given to a man who should also act as night watchman at the building. It is figured that a man can be secured for about \$40 a month, and that the money will be well spent in providing for the position. The salary of the janitress is about \$13 per month, and she does nothing but sweep the hall.

A watchman at the city building has been a necessity of longstanding. Some one is needed there at every hour of the night. Telephone calls should be answered, the prisoners should be attended to at all times, and there are numerous reasons why one should be hired. It is seldom that a policeman is about the hall at night, it being their duty to patrol their beats, and in consequence many a call is sent into the station with no one there to answer it. A prisoner could get sick and die without the assistance of an officer. It was with the knowledge of these important facts that caused the board to take the matter into serious consideration. It was finally disposed of by the appointment of a committee to present the plan to council at its next regular meeting.

A committee of East End property owners appeared before the board and requested that two fire plugs be stationed on Maple street. They stated that from Virginia avenue to Boyce street the residences are absolutely without protection. Such are the conditions on Sunnyside and a committee composed of Dawson and Grafton was appointed to investigate.

An application for a position on the police force was received from David Arthur Grimm. It was filed. A number of bills were then read and approved and the board adjourned to meet again on next Thursday evening.

At Least Twenty Believed to Have Perished in the Flood—Railway Traffic Suspended.

San Antonio, Tex., July 3.—A cloudburst visited the southwestern section of Texas, causing the death of several persons and a heavy property loss. No accurate reports of the loss of life can be obtained, as the telegraph wires are down in the stormwrecked section, but enough is known to warrant the belief that at least 20 people, mostly Mexican laborers and farm hands, perished in the flood.

At Beesville one Mexican was swept away. Near Mormana 10 Mexican farm hands are reported drowned and 12 more are said to have been drowned at Pettus.

The heaviest damage was sustained by the San Antonio and Arkansas Pass railroad. Several thousand feet of its track and one large bridge were swept away. Trains have been suspended in the affected district.

Salvationists to Invade Kentucky.

Cleveland, July 3.—Salvation army officers from Cleveland, Pittsburgh and Cincinnati will leave Huntington, W. Va., the latter part of August for a visit to the feud country in Kentucky. A month will be spent on the trip. The party will travel on horseback and wear khaki uniforms.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called catarrh of the stomach. For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. REALM OF SPORTS

KICKING VISITORS LOST FIRST GAME

Fairbanks Fruitlessly Attempted
the Bull-Dozing Racket
On Locals.

UMPIRE REARK WAS ANGRY

He Threatened to Bench Yoedt And
Call the Game—It Was One of the
Prettiest Exhibitions of the Season
And a Pitchers' Battle.

By the score of 3 to 1, the Fairbanks, of Allegheny, lost to the locals in West End park yesterday afternoon. It was a pretty game, about the prettiest of the season. There was just enough ginger in the sorrel top Pennsylvanians to make it almost thrillingly interesting at the very beginning. The visiting lads have made a reputation for winning a game either by superior playing or by bluffs, and on the latter score they tried it in this contest, all to no avail, however. The locals had been against similar teams before and showed their antagonists that they woke up about four months ago.

With one of the fastest lineups that has been bunched this season the locals went into the game and they made a showing as the result. Notwithstanding that they fell down five times, getting that number of errors, they managed by a little luck and some of the greatest base running yet seen on local diamonds pulled through two lengths ahead of the quarter horse. They had heard of the visitors and had seen them play. They knew exactly what they were up against and it was with this knowledge that Capt. Reark and his eight underlings entered the field of battle. Like Trojans they started in to take the first game of the series of four to be played this week and their strenuous efforts availed them the coveted reward.

The crowd was not a representative one, due beyond a doubt to the miserable exhibitions of last week. The fans did not realize what kind of people Allegheny turns out and fearing another mess such as the Malleables, of Cleveland, they staid away. However, more than 200 paid admission and aggregating the dead heads of the box cars and the hill side there were probably 400 who saw the fine exhibition. In the first inning the locals went down without a hit and only four men up. In the second Brown started off with a pretty single and finally succeeded in scoring a run on a hit by Emmerling. Brown also caused the scoring of another run in the next when he pounded out a three-bagger and rushed Westlake over the goal after he had reached first on four balls.

During the next four innings the locals went out in one, two, three order with the exception of the fifth, when Wallace knocked a burner down to Stilwell. The latter fielded the ball clean and threw it as fast as the ordinary man could put them over, but Wallace ran so fast that he reached

INCURABLE.

That is What the Books Say of
Chronic Kidney Disease. But
the New Fulton Compounds
Have a Record of 87% of Recoveries
Among Chronic Cases Incurable
by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Fulton Compound. One of the recoveries was Dr. Zeila Lipsett, the "pioneer druggist of 502 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 10, 1902.) "After a serious illness of over a year John J. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case John Allen said: 'I believe that the treatment given me by my physician was in accordance with the best medical need in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compound I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'—Sacramento News, Nov. 10, 1902.

The editor of the News Times was the friend who told John Allen of the Fulton Compound. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Brain Compound for Bright's and Kidney Diseases, etc. \$1; for Diabetes, \$1.50. John J. Tortures of Death
From Headache.

Dr. Miles' Anti-Pain Pills
Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells, my head felt as though there was a tight bandage around it, my temples throbbing, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time."—Mrs. M. E. Noble, Garfield, Wash.

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."—Mrs. Wm. F. Brock, Gloversville, N. Y.

first base three seconds before the ball.

In the eighth inning the feature of the game, an exciting one, too, occurred. The visitors were in the air over the gloomy prospects for winning the game and were ready to fight at the drop of the hat. Mason went down on an error by the pitcher, Yoedt. His thunderous play set him crazy. He called Umpire Happy Reark scores of vile names and declared he would not play any more unless a new umpire was secured. It was then time for the umpire to get a hump on himself and maybe he didn't do it. He showed more spunk than has been seen this year. In bold words he ordered the pitcher from the field and would have insisted on his going but for the interference of his brother, Captain Chick. The dispute was finally settled and the pitcher remained but it was only a minute until it was renewed. Wallace stepped up and bunted a hit and while Yoedt was playing ping pong with the ball Mason accepted the opportunity and ran home. He got there about a minute before the ball and a howl immediately ensued. The visiting bunch claimed they were being robbed and only ceased in their howls when the umpire ran for a watch to place a time on the interim.

A three-bagger and an error gave the kickers their only run. It was made in the second inning. Gitzen pounded out the hit and when Lippert sent one down to Gibson, the usually star player, fumbled it and allowed them the score. Several times after that they had elegant chances to score but Old Morg would not stand for it. The score:

INTERESTING GAME AT ROCK SPRINGS PARK

The Marines Won From the Shamrocks After a Hard Contest and Jumped to Fourth Place.

One of the warmest games yet played by teams of the Crocker City league was the one pulled off at Rock Springs park yesterday afternoon by the Marines and Shamrocks. The score alone evidences the fact and

though the hits and errors could have been less, the contest was thrilling throughout. Millwood, of the Shamrocks, was struck in the stomach by a ball in the last inning and severely hurt. He will soon recover, however. The score:

Eclipse vs. Glasgow.
The Eclipse base ball team defeated the Glasgow club yesterday by a score of 4 to 2. The features of the game were the pitching of Callahan and the heavy hitting of George Cain. The batteries were: Eclipse—Callahan and Millward; Glasgow—Fisher and Kinney. The Eclipse will take on a game with any team in the city.

Carey Still Out.
The injury sustained by George Carey in a recent game at St. Louis seems to be much more serious than was at first thought. The popular first baseman has not been able since the accident to return to the game, although his physician told him he

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have your own sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

I have no hesitancy in recommending your S. S. S. as the best Spring tonic on the market. I have used many other medicines, but find S. S. S. to be undoubtedly the only tonic that will build up the system. I shall take pleasure in telling all whom I think in need of a good blood tonic of your medicine.

Yours truly,
LEWIS S. FIEBER,
Care Stoll, Hamilton & Co., Lexington, Ky.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

WELLSVILLE

A GREAT FOURTH IN WELLSVILLE

Everything in Readiness for a Big Celebration of Independence Day.

Everything is in readiness for the Fourth of July celebration here and the most imposing street parade and pageant ever seen in Wellsville will start promptly at 9 o'clock in the morning from the public square.

The parade will be over a mile in length, five bands and three drum corps having been engaged to enthrall the crowd.

A 100-foot American flag will be sent up half a mile over city hall at 8 o'clock in the morning by means of a dozen box kites built expressly for the purpose. Cannon will boom at regular intervals from daylight till dark and \$500 worth of fireworks will be sent up at 8 o'clock in the evening from a big barge in the middle of the river. There will be two games of base ball and a lengthy program of interesting sports. Handsome prizes have been offered to the winners.

An official call has been made for the residents to decorate their homes in an appropriate manner and thousands of flags and yards of bunting have been purchased for that purpose.

Fair weather is now all that is needed to put Wellsville in a position to do herself proud on the Fourth.

CITIZENS TAKE A HAND IN CLEANING STREETS

Wellsville Has a Volunteer Street Cleaning Department Vigorously at Work.

Council having refused to make an appropriation for cleaning the streets for the Fourth, leading citizens have taken upon themselves the task of doing so, and it is quite the thing now to be one in a gang of aristocratic street cleaners. People are taking to the work with a will and by this evening the paved streets will be in better condition than they have for years.

Judge P. M. Smith, Dr. A. L. Robinson, Councilman C. V. Shub, Mike Shingler, R. A. Harsha and Julius Goetz were in command of the Main street "white wings" yesterday and by their skillful manipulation of brooms and shovels quite a stretch of street was cleaned.

Former Pastor Here

Rev. W. H. Gamertsfelder, of Ashland, will spend the Fourth here and on Sunday he will preach at the First Evangelical church, of which he is a former pastor. While here in 1899 Rev. Gamertsfelder founded Bethel Mission.

NOVEL BUSINESS TO BE STARTED AT HOME

A Ten-Cent Livery Barn for the Accommodation of Farmers.

Salem, July 3.—A genuine novelty and a long felt want will be introduced in this city in the way of a 10-cent livery barn. The barn will be located on Sugar Tree alley, North Lundy and East Green street.

A short time ago S. P. Cornell and wife located from Mrs. B. A. McCalka. People have wondered what was the idea of the Cornells in purchasing the property, and this announcement fully explains the matter. The main building and office will be located on Sugar Tree alley and North Lundy street. It will be 30x50 feet. It will be surrounded at the present time with 50 sheds. Later on it is the intention to erect 50 more sheds so as to handle all the trade possible. The sheds will furnish the strictest privacy, being 8 feet wide and 20 feet long. Each will allow room for a horse and buggy. The doors of the sheds will be locked for the safety of animals and any valuables which may be placed in them. The price will be 10 cents for one hitch. Of course if the animal is left for six or seven hours feed will be given and an extra charge made.

This barn will be a great convenience for farmers and others from surrounding towns, who desire to have a place for protection of the weather to put their rigs.

ZIMMERMAN UNDECIDED

Will Consult His Friends Before Announcing Whether He Will Run for Governor.

Youngstown, July 3.—Hon. John L. Zimmerman, of Springfield, has not yet reached a definite decision with reference to his being a candidate for governor on the Democratic ticket. Accompanying his friends, Mr. Zimmerman arrived in the city yesterday on his way to visit his old home at Mill village, this county. Regarding his candidacy for the gubernatorial nomination Mr. Zimmerman said:

"My friends in different parts of the state have been urging me to come out for the nomination for some months, and have given me assurance of active support. Some of them have gone so far as to declare that I would go before the convention as a candidate and command strength to capture the honor. This announcement and claim is made without authority from me. I have not reached a decision in the matter, and cannot say now whether or not I will be a candidate. As far as I have investigated the conditions seem favorable and encouraging, but I prefer to consult certain of my friends, whom I have not yet seen, before making a definite announcement as to my intentions."

McKinley Fund Souvenir Certificates

Canton, O., July 3.—The McKinley National Memorial association is preparing to distribute between 1,000,000 and 1,500,000 souvenir certificates to contributors to the memorial fund, those for Ohio now being ready. Oct. 15 is the time limit set for receiving designs for the memorial.

Transport's Mixed Cargo.

Manila, July 3.—The United States transport Kilpatrick sailed for New York with 500 tons of exhibits for the St. Louis exposition, a battalion of the Fifth infantry and the bodies of 300 soldiers.

Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one?

Who is the foolish one?

We're after your case.

We want to help you.

Give us opportunity.

We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are

Waiting to hear from you.

THE CITY JAIL TERRIBLY BAD

President Grafton Declares It Would Be a Disgrace to Barbarians.

CELLS NOT FIT FOR HOGS

Board of Public Safety Will Take Immediate Steps to Work a Change for the Better—Inspection Early Next Week.

A commendable step was taken by the board of public safety last evening, when by a unanimous vote, the board was appointed as a committee to confer with Mayor Weaver and Chief Wyman, the committee to have full power to act, on the improving of the sanitary and other conditions now existing at city hall. The members of the board present were very enthusiastic over an improvement, and it was decided to alter the conditions at once. The conference and inspection will be held early next week, or possibly prior to that time.

President Grafton of the board expressed himself more forcibly than the others on the matter. Exerting his oratorical powers to the utmost his words had the desired effect. He said: "It is our business to attend to this city hall. It is not necessary for us to ask council for its sanction. The members of that body have made the board of public service lay down, but we cannot be compelled to in this instance. We not only have the authority to act, but I think we should do so immediately. The cells and closets around the hall are in a most deplorable condition. When I investigated the conditions a few days ago I was reminded of Darkest Russia. It is a shame that our prisoners are subjected to such quarters.

"The cells are really not fit for hogs. The floor is filthy, a prisoner has no place to lie and nothing but a spittoon upon which he can rest his head. I tell you the conditions are horrible and awful. It is barbarous for us to allow it. In most cases men confined in the cells are those who have indelicately taken on too much whisky. They are not hardened criminals and they most certainly should not be treated as they are.

"The picture upon entering the jail corridor reminds one of ancient Rome, when prisoners were placed on the torture stool. For the sake of common decency and in the name of humanity I urge that something be done. We are farther back than the residents of Calcutta, who would not allow such conditions."

After this enthusiastic speech the other two members discussed the question at length, and it was finally decided to act.

COOPER THANKED BY A WOMAN

Who Has Been Sick For Many Years.

MANY DOCTORS KNOW HER

They Said She Could Not Live—She is Getting Better—Thanks to Cooper.

Cooper obtained an unsolicited testimonial last night, the case being one of long standing and with which a majority of the physicians of East Liverpool are acquainted. It was that of Mrs. Smith, 269 Eighth street, who for years has been sick with Bright's disease of the kidneys. Physicians said they could do nothing for her and that her death was only a matter of a very short time. Mrs. Parker, who lives in half of the same house, bought a bottle of Dr. Cooper's New Discovery three days ago and gave it to Mrs. Smith. That lady is now better than she has been for years and is on the rapid road to recovery. Mrs. Parker was at Cooper's show last night to get another bottle. Such testimonials as these are hard to refute and stand out bright and shining for the power of the great king of all blood purifiers. It clears the entire system and makes new bodies.

There will be another free show and concert tonight. Everything free and everybody invited. Salesrooms open every day at 301 Lincoln avenue.

Special Fourth of July program for Saturday night including a balloon ascension.

Let the young man figure the difference between \$2.75 and paying \$1.35 and \$6 for a suit of clothes. Young men's suits, age 3 to 9, Joseph Bros. are selling today and Monday, choice at \$2.75.
